*Proceedings of the Madras Government, Public Works Department,
for the month of February 1860.*

No. 9. Read the following Proceedings of the Board of Revenue, dated 24th January 1860, No. 392.

Read again letter, dated 16th November 1859, No. 339, from the Collector of Ganjam, requesting sanction for the appropriation of the sale proceeds of the Berhampur old Kach'hári to the erection of two station houses at Berhampur and Pudmanapur.

(In Consultation 30th November 1859, No. 5949.)

Read also letter, dated 21st December 1859, No. 364, explaining under what circumstances the old Kach'hári was sold by public auction.

(In Consultation 29th December 1859, No. 6500.)

Resolved that the letters above recorded be submitted for the information of the Honorable the Governor in Council.

2. A new táluq Kach'hári having been erected at Berhampur, the Collector states that he ordered the old building, which was suffering from not being occupied, to be sold by public auction, as the best mode of securing the interests of Government. This arrangement was doubtless judicious under the circumstances, but sanction should first have been obtained for it.

3. With regard to the disposal of the sale proceeds, the Board do not think it necessary to depart from the usual and proper course of carrying them to the credit of Government, and applying for the erection of the police station houses on independent grounds, the Inspector General of Mofussil Police being consulted by the Collector, if necessary. For the reasons alleged by the Collector, the construction of the station houses appears to the Board very desirable.

No. 10. ORDER THEREON, 11th February 1860, No. 333.

The Government approve the instructions in paragraph 3 of these Proceedings. The Magistrate of Ganjam should consult the Inspector General of Mofussil Police with respect to the plan and sites of the proposed station houses.

To

The Secretary to Government M.D.

Sir,

Public.

I have the honor to acknowledge
the order of Government N. 156. 21st Instant
declining to sanction travelling allowance to
Probationer Engineers and upper subordinates,
and before communicating the same to the
District Engineer I request you will
bring to the notice of Government that
travelling allowance has been sanctioned
for young Engineer Officers under departmental
instruction in the Districts; and
that as they are in precisely similar
circumstances to the probationer
Engineers from England, it appears
to me very undesirable that any
distinction should be made in
respect

respect to travelling allowance: particularly
as one rule for the guidance of District
Engineers is that they shall occasionally
detach the Probationers from their Head
Quarters to visit and report on works
of importance and those under con-
struction

2. Should the Government under
this representation see fit to authorize
the Travelling Allowance, it will be
drawn under strict control and not
passed for any unnecessary journeys.
