FORT ST. GEORGE,
17th February 1860.

No. 361.

From

T. PYCROFT, Esq.,

Chief Secretary to the Government of Fort St. George.

To

COLONEL H. YULE,

Secretary to the Government of India, D. P. W.

SIR,

Paragraph 1. I am directed to forward for submission to the Government of India, three letters from the Chief Engineer relating to the project of connecting the Sarvapalli channel with Jafar Sahib's channel, two of the main ducts of irrigation from the Pennair river in Nellore, together with an order of this day's date passed by Government on those communications.

2. On the 23th April 1859, the Government sanctioned* an advance of Rupees 10,000 for the project in question; but the amount has been considerably reduced by the financial restrictions and other causes explained in paragraph 7 of the Chief Engineer's letter of the 19th ultimo. An estimate for the work to the amount of Rupees 59,980 will be included in the budget of 1860-61 with provision for an expenditure of Rupees 48,580 in that year. The work being however stated to be of an urgent character, and the funds available out of the authorized advance of Rupees 10,000 being small, the Government have, on the Chief Engineer's recommendation, sanctioned a sum of Rupees 25,000 as an advance upon the budget; and I am desired to report the proceeding for the approval of the Government of India.

Dated 19th January and 2nd and 7th February 1860 Nos. 9304, 9901 and 10018.

* Reported to Government of India in letter dated 6th June 1859 No. 1372 and approved in endorsement from do. dated 6th August 1859 No. 5326.

I have the honor to be,

Sir,

Your most obedient Servant,

(Signed) T. PYCROFT,

Chief Secretary.

Exd. Wm. Thomas.
