*Proceedings of the Madras Government, Public Works Department,
for the month of February 1860.*

No. 79. Read the following letter from Lieutenant-Colonel J. H. BELL, Chief Engineer ;
to the Secretary to Government, dated 11th January 1860, No. 9032.

From paragraph 2 of the order of Government as per margin, it would appear that the pro-
posal made in my letter, No. 8142 of the 8th December last, was
No. 35 dated 5th January 1860. misunderstood. In paragraph 3 thereof I suggested that the
new rules, about to be published for the promotions in Department Public Works, should be
declared applicable only to men who entered the Department after the 1st January 1859: by
which I intended it should be understood that the old rules (those published in notification
No. 1) would apply in the cases of men who entered the Depart-
ment prior to 1st January 1859; my object being that the less
difficult examination should be required of those who were in the Department prior to January
1st 1859, and not that examination should be dispensed with in their cases.

No. 80. ORDER THEREON, 18th February 1860, No. 369.

Under the explanation furnished in this letter, the Government resolve to adopt the sug-
gestion, contained in paragraph 3 of the Chief Engineer's letter of the 8th December 1859
No. 8142.

2. The revised rules for entrance into and promotion in the subordinate department of the
Department Public Works approved by Government in the order of the 18th January 1860
No. 132 will now be published in the official Gazette with the following addition.

P. 34. "The above rules apply only to men who entered the department after the 1st
January 1859."

From para 2 of the order of Government as per margin, it would appear that the proposal made in my letter N^o 8142 of the 8th December last was misunderstood. In para 3. thereof I suggested that the new rules, about to be published for the promotions in P.W. should be declared applicable only to men who entered the Department after the 1st January 1859: by which I intended it should be understood that the old rules (those published in Notification N^o 23rd June 1857) would apply in the cases of men who entered the Department prior to 1st January 1859, my object being that the

the less difficult examination should be
required of those who were in the De-
partment prior to January 1st 1859 and
not that examination should be dispensed
