Acting Garrison Engineer

MILITARY DEPARTMENT.  
PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letters:—  
From the Chief Engineer, Sépakkam, 2nd February 1860, No. 9889; to the Secretary to Government, Public Works Department.

I have the honor to forward an Estimate amounting to Rupees (680) six hundred and eighty, for additions and alterations to the Building in Fort Saint George, used as a Library and School-room by the European Regiment in Garrison. The work was commenced by order of the Honorable the Governor, communicated through the Town Major, and is now very near completion. The Estimate has been examined in this Office and found correct, I therefore recommend it for sanction, to be defrayed out of the Funds generally at the disposal of the Garrison Engineer.

2. The Estimate ought to have been submitted some months ago, but was overlooked in the Circle.

From the Garrison Engineer, Fort Saint George, 26th January 1860, No. 768; to the Deputy Chief Engineer, Northern Circle.

In my letter No. 380, dated 26th August last, I submitted two Estimates, one for repairs, and the other for additions to the Garrison Library in Fort Saint George, amounting together to Rupees 800. In your Proceedings No. 4891, dated 13th September 1859, sanction was given to execute the repairs for Rupees 120; but for the additions to the Building, it was resolved to submit the Estimate, amounting to Rupees 680 for the sanction of Government, I have now the honor to request you will be good enough to furnish me with a copy of the Proceedings of Government, if orders have been passed thereon.

ORDER, No. 602, 10th February 1860.

Approved for execution on emergency, to be charged as proposed,  
(True Extract.)
