*Proceedings of the Madras Government, Public Works Department,
for the month of February 1860.*

No. 98. Proceedings of the Madras Government, dated 20th February 1860, No. 379.

The Honorable the Governor in Council proceeds to pass orders on the letter in this Department from the Home Government, dated 6th January 1860, No. 1.

Communicated to the Chief Engineer with reference to Proceedings dated 22nd October 1859, No. 2490.

No. 1.

INDIA OFFICE,
London, 6th January 1860.

HIS EXCELLENCY THE HONORABLE THE GOVERNOR IN COUNCIL, FORT ST. GEORGE.

Your letter No. 54 of the 22nd October last reports that with the view of facilitating the operations of the Madras Irrigation and Canal Company, you have called for an estimate of the cost of completing the canal between Bezwada and Guntoor, and for information which will enable you to judge of the expediency of opening a practicable trace over the Mantarala Pass. A previous letter from you regarding the Canal had led me to suppose that orders for its completion were issued some months ago. Otherwise, your proceedings with respect both to it and to the Mantarala Pass are perfectly proper, and your intention to detach a small river steamer from the Godavery for the purpose of exploring the Pennair is equally unobjectionable.
