Dated	<i>16-6-</i>	<i>1860.</i>

Not to be folded or roughly handled

PUBLIC WORKS DEPARTMENT.

No. 39 of 1860.

TO THE RIGHT HONORABLE THE SECRETARY OF STATE FOR INDIA.

RIGHT HONORABLE SIR,

1. In continuation of our letter in this Department, dated 25th April 1860, No. 23, we have the honor to transmit the paper noted in the margin, which will inform you of the completion on the 29th May last, by the Madras Irrigation and Canal Company, of the temporary Dam across the Tumbaddra at Kurnool, the total length of the structure being 1,131 yards, and the quantity of stone 17,600 tons. We are of opinion that the rapidity with which this work has been accomplished reflects very great credit on the Engineers concerned.

Proceedings of Government, 2nd June
1860, Nos. 30, 31.

2. The Dam will to a certain extent give the command of the water of the river; and we have enquired whether any channel operations are in progress, with the view of turning any part of the water to account in the present year. We shall make a further report on receipt of this information.

We have the honor to be,

Right Honorable Sir,

Your most obedient humble Servants

FORT SAINT GEORGE,
14th June 1860.

FORT SAINT GEORGE.
PUBLIC WORKS DEPARTMENT.

Letter to the Right Honorable
the Secretary of State for India,
Dated 14th June,
No. 39 of 1860.

Transmitting papers relating to the completion of the
temporary Dam across the Tumbaddra at Kurnool.

Public Works Dept.
No. 39 of 1860

To
The Right Honble the
Secretary of State for India,
Right Honble Sir,

In continuation of
our letter in this dept dated
25th April/60, No 23, we have
the honor to transmit the papers
Pro: of Govt 2^d June/60. Nos. 30.31. noted in the margin, which
will inform you of the comple-
tion on the 29th May last, by
the Madras Irrigation and Canal
Company, of the temporary
dam across the Tumbaddra at
Kurnool, the total length
of the structure being 1131 yards,
and the quantity of stone 17600
tons. We are of opinion that
the rapidity with which
this work has been accomplished reflects
very great credit on the engineers
concerned.

2.2 The dam will to a
certain extent give the com-
mand of the water of the
river; and we have enquired
whether any channel opera-
tions are in progress, with
the view of turning any part
of the water to account in
the present year. We shall
make a further report on
receipt of this information.
