*Proceedings of the Madras Government, Public Works Department,
for the month of February 1860.*

No. 63. Read the following letter from Colonel J. H. BELL, Chief Engineer; to the Secretary to Government, dated 10th February 1860, No. 10193.

I have the honor to report for the information of Government, that the total amount expended by Mr. Faulkner in the fitting up and working of the Steamer "Progress" is Rupees 6,415-15-2 as per margin,

	Rs.	A.	P.
For fitting up.....	5,756	8	10
„ working.....	659	6	4
	6,415	15	2

2. In their Proceedings No. 2653, dated 12th November 1859, the Government authorized an advance of Rupees 4,000 to be made to Mr. Faulkner for the work, and subsequently on being made by that gentleman, I authorized the further sums marginally noted to be paid to him, knowing that they were actually due in the first instance to workmen employed, and in the second to the crew of the ship. The total sum, therefore, received by Mr. Faulkner is Rupees 4,869, exclusive of Rupees 48-3-0, the collections made from passengers on the Steamer,

leaving a balance still due to him of Rupees 1,498-12-2.

3. It is found altogether impracticable without further explanation in regard to certain items in the accounts furnished by Mr. Faulkner, and in the absence of a detailed list of all articles charged for by him, but remaining still on hand, to prepare a bill for submission to Government; but as it is necessary that no delay should occur in paying Mr. Faulkner the balance due to him, which will be determined on after a further examination into his accounts, I have the honor to request the sanction of Government to the correct amount being disbursed to him as soon as such can be ascertained, the proximate amount being as above stated about Rupees 1,500.

No. 64. ORDER THEREON, 25th February 1860, No. 409.

Paragraph 1. As requested by the Chief Engineer, the Government authorize that officer to disburse to Mr. Faulkner the balance which on examination of the accounts may be ascertained to be due to him on account of the fitting up and working of the Steamer "Progress;" the amount not exceeding Rupees (1,500) one thousand and five hundred. The Chief Engineer is requested to submit at an early date a correct bill of the expenses incurred for the sanction of Government. He will also state what is the present condition of the Steamer.

2. No allusion, it is observed, is made in Colonel Bell's present letter to the sanction granted in the order of 4th January 1860 No. 26 for an advance to Mr. Faulkner of the sum of Rupees 1,527-8 for working the steamer for one month.

crew of the Ship. The total sum therefore
received by Mr. Faulkner is Rupees 4869,
exclusive of Rupees 48-3-, the collections
made from passengers on the Steamer leaving
a balance still due to him of Rupees 1498-12-2.

3 It is found altogether in=
-practicable without further explanation in regard
to certain items in the accounts furnished by
Mr. Faulkner, and in the absence of a
detailed List of all articles charged for by
him but remaining still on hand, to prepare
a bill for submission to Government, but as
it is necessary that no delay should occur
in paying Mr. Faulkner the balance due to
him, which will be determined only after
a further examination into his accounts, I have
the honor to request the sanction of Government
to the correct amount being disbursed to him
as soon as such can be ascertained, the proximate
amount being as above stated about Rupees 1500.-
