*Proceedings of the Madras Government, Public Works Department,
for the month of February 1860.*

No. 75. Read the following letter from Colonel J. H. BELL, Chief Engineer; to the Secretary to Government, dated 23rd February 1860, No. 10587.

As Captain Shaw Stewart will, agreeably to the orders of Government as per margin, be shortly relieved from his duty in this office, for the purpose of proceeding with the Sappers and Miners to China, I deem it right to express my entire satisfaction with the diligence, patience and ability shown by this officer in preparing the Code of Regulations for the Department of Public Works. I consider myself most fortunate in having procured the services of an officer so perfectly suited by natural powers and acquired knowledge for the work in question.

2. Captain Stewart has thoroughly performed his task in nearly all its branches; and the whole work has been approved by myself after careful examination. But as by desire of the Honorable the Governor, it has been or is to be circulated to the officers of the department, and must afterwards be revised before submission to Government, and again corrected according to the views of the Government, there will be much to be done before the business is finally disposed of.

3. This remaining work I propose to place in the hands of my Assistant Captain Carpendale, who, besides possessing a considerable aptitude for it, been in constant observation of Captain Stewart's labors; and I strongly recommend that the extra allowance of Rupees 150 now drawn by Captain Stewart, may be granted to Captain Carpendale while employed in completing the Code.

No. 76. ORDER THEREON, 27th February 1860, No. 416.

The Government have learnt with much pleasure the testimony borne by the Chief Engineer to the diligence, patience and ability shown by Captain Shaw Stewart in preparing the Code of Regulations for the Department Public Works.

2. With regard to Colonel Bell's proposal for placing the remainder of the work in the hands of Captain Carpendale with an extra allowance of Rupees 150 per mensem, the Government would wish to know how Captain Carpendale could perform the work in addition to his own proper duties, the revision of the Code having hitherto engaged the undivided services of an officer set apart for that special business.

(Signed) T. PYCROFT,
Chief Secretary.

Sir. As Captain Shaw Stewart
will, agreeably to the Orders of Go-
vernment as per margin, be shortly re-
lieved from his duty in this Office,
for the purpose of proceeding with the
papers and others to China I
deem it right to express my entire
satisfaction with the diligence, pa-
tience and ability shown by this
Officer in preparing the Code of
Regulations for the Department
of Public Works. I consider myself
most fortunate in having procured
the services of an Officer so perfectly
equipped by natural powers and ac-
quired knowledge for the work
in question.
