PUBLIC WORKS DEPARTMENT.

No. 41 of 1860.

TO THE RIGHT HONORABLE THE SECRETARY OF STATE FOR INDIA.

RIGHT HONORABLE SIR,

1. In continuation of our letter of the 4th April, No. 15, we have the honor to forward for your information the further Proceedings noted in the margin, having reference to the works undertaken by the Irrigation Company on the Tumbaddra river. On the 26th April, the late Chief Engineer laid before us two letters from Lieutenant-Colonel Lawford, Deputy Chief Engineer of the Central Circle, containing remarks on the reports of our Consulting Engineer for the Company, on the projects undertaken by that Company. We transmitted the papers to Captain Rundall, to be by him communicated to the Company's Chief Engineer, for any remarks which either Officer might wish to offer; and the Agent of the Company has now transmitted to us, Captain Rundall being absent from the Presidency, a paper of remarks on Colonel Lawford's two letters, by Colonel H. C. Cotton, the Company's Chief Engineer.

*Proceedings 10th May 1860, Nos. 134, 135.  
19th June " No. 1,290. also  
Order 21<sup>st</sup> March 1860 N. 665 referred to in  
para 1 of Mr. C. G. G. letter 26<sup>th</sup> April 1860.*

2. In transmitting these papers for your information, we do not consider it necessary to comment on them at any length. We will merely say that the effect of this attack and defence of the scheme of works had not been at all to shake our confidence in the correctness of our judgment in recommending these works as those to be first undertaken by the Company.

3. We shall forward to you hereafter any remarks on Colonel Lawford's letters, which we may receive from Captain Rundall.

We have the honor to be,

Right Honorable Sir,

Your most obedient humble Servants,
