Dated	7-3-	18 60

Not to be folded or roughly handled

5/11/33

*Proceedings of the Madras Government, Public Works Department,
for the month of March 1860.*

No. 97. Read the following letter from Captain G. BALDOCK, Acting Town Major, to T. PYCROFT, Esq., Chief Secretary to Government, dated 24th February 1860, No. 863.

With reference to the Proceedings of the Madras Government No. 5 of the 17th ultimo, I have the honor to forward to you, for submission to Government, the accompanying Report from the Commandant of Engineers, on the proposed new site for the Commissariat Timber Depôt, called for in Extract of Minutes of Consultation, No. 207 of the 21st January 1859.

From Colonel A. COTTON, Commandant of Engineers, to Captain G. BALDOCK, Acting Town Major, Fort Saint George, dated 13th February 1860, No. 27.

I have the honor in reply to your demi-official note of the 17th ultimo, to say that I consider it a point of vital importance that the North Esplanade of Black Town should be kept for the continuation of the Northern Canal.

2. Even now with the present traffick it is most greivous that the Canal has not been carried on to the Beach, north of Black Town, but when the Irrigation Company have connected the Northern Canal with the basin of the Krishna, the quantity of produce for export which will be brought by it from the whole range of country drained by that river and its affluents will certainly be so great, as to make it intolerable that it should have to be carried by land from the basin to that part of the Beach.

3. And when the East Coast Canal is connected on the north side with the Godavery, and on the south with the Cauvery, the traffick will be still further and very greatly increased.

4. I consider, therefore, the occupying of that line with anything which will obstruct the cutting of the Canal, of which a plan and estimate has been already submitted, quite out of the question.

No. 98. ORDER THEREON, 7th March 1860, No. 495.

Ordered to be communicated to the Commissary General through the Military Department with reference to the order in this Department, dated 21st January 1859 No. 207, and to the Chief Engineer for any observations and suggestions they may have to offer. A copy of the Order above quoted will at the same time be furnished to Colonel Bell.

(Signed) J. D. BOURDILLON,
Secretary to Government.

Comd: of Engrs Office.
No 27.

The Commandant of Engineers.
Captain G. Baldock.

Acting Town Major.
Fort Saint George.

Sir,

I have the honor in reply to
your ^{note} disinterested of the 17th Ultimo, to say
that I consider it a point of vital im-
portance that the North Esplanade of
Black Town should be kept for the
continuation of the Northern Canal.

2. Even now with the present
break it is all most precious, that the
Canal has not been carried on to the
Beach, North of Black Town, but
when the Irrigation Company have
connected the Northern Canal with the
Basin of the Kistnah, the quantity
of produce for export which will
be brought by ^{it} from the whole range
of Country drained by that river and
its affluents will certainly be so
great, as to make it intolerable that
it should have to be carried by
land from the Basin to that part
of the Beach.

3 And when the East coast
Canal

Canal is connected on the North side
with the Goddard, and on the South
with the Convey, the traffick will
be still further and very greatly in-
creased.

4. I consider therefore the
occupying of that line with any thing
which will obstruct the cutting of
the Canal, of which a plan and estimate
has been already submitted quite out
of the question.

I have the honor to be,
Sir,

Your most obedient Servant.

W. Cotton, Canal
Comd. of Ings.

Shepards,
13th February, 1860.

Town Major's Office

From
 The Hon. Town Major
 Fort Saint George

To
 The Chief Secretary to Government
 Public Works Department
 Fort Saint George.

Sir,
 With reference to the Proceedings of
 the Madras Government, of the 17th Ulti-
 mo, I have the honor to forward to you,
 for submission to Government, the accom-
 panying Report from the Commandant
 of Engineers, on the proposed New side, for
 the Commissariat Timber Depot, called for
 in Extract of Minutes of Consultation No.
 207 of the 21st January 1859.

I have the honor to be
 Sir
 Your most Obedt Servant

Malcolm
 Town Major

 Commaundant
 of Engineers.
 Fort Saint George.

Dated 13th Feb
 No. 13-1/60.
 17303/50

It is that
 it is a point of
 view of importance
 that the Fort St. G.
 should be cleared of
 all the old buildings
 and the new ones
 built on the site.
