*Proceedings of the Madras Government, Public Works Department,
for the month of March 1860.*

No. 101. Read the following letter from Colonel J. H. BELL, Chief Engineer, to the Secretary to Government, dated 1st March 1860, No. 10880.

I have the honor to forward for submission to Government the accompanying letter from the Adjutant General of the Army, and to recommend that the services of Gunner Kay of C. Company 2nd Battalion, may be placed at the disposal of the District Engineer of Trichinopoly, for the purpose of being temporarily employed in superintending brick-making.

2. The Government has in the order as per margin, objected to transfers of this description, but as the one under report has been already made and the working season is well advanced, it would be inexpedient now to make a different arrangement, especially as any one qualified as a brick-maker is probably not to be obtained from the College.

No. 102. ORDER THEREON, 7th March 1860, No. 497.

Referred to the Military Department.
