IN CON. 15TH FEBRUARY 1860, No. 718.

From J. D. ROBINSON, Esq., Acting Collector of NORTH ARCOT,
dated Mosur, 11th February 1860, No. 38.

In 1854 the tahsildar of Palmaner made out, by order of the late Collector Mr. Bourdillon, an estimate for the repair of the dam in front of the Gangamavanka tank in Venkatagherri Kotah irrigating certain maniem and sirkar lands under the tank. The estimate amounted to Rupees 73-12-9, of which, according to the proportionate extent of land benefitted, the maniemdars have Rupees 27-9-1 to pay. This amount the tahsildar was accordingly directed to collect from them. Although this amount was accordingly collected from Lachmanarasapa one of the maniemdars, the Government share of the estimated repair appears never to have been undertaken. Finding, however, on recent enquiries that a partial repair had in the interim been executed by the maniemdar himself who now claims the refund of the money collected from him, I requested the District Engineer to depute one of his subordinates to inspect the work and report on its present efficiency. That officer now states in his letter of the 31st October last, that the dam in question, though not in a thoroughly efficient state, has still according to measurements been repaired to the extent alleged by the maniemdar. I have the honor accordingly, under these circumstances, to request that the sanction of Government may be obtained for refunding to the maniemdar the above mentioned sum of Rupees 27-9-1.
