*Proceedings of the Madras Government, Public Works Department,
for the month of March 1860.*

No. 54. Read the following letter from E. B. POWELL, Esq., Acting Director of Public Instruction, to the Chief Secretary to Government, dated 29th February 1860, No. 350:—

I have the honor to report, for the information of Government, that the Principal of the Civil Engineering College has brought to my notice that there is a very great demand for Draughtsmen, several having applied to him for certificates whom he was obliged to reject, and who complain that they have no place to learn at.

2. It will be observed that in the scheme submitted for the sanction of the Government of India, in the Proceedings of Government under date the 21st December last, No. 2959, the appointment of a 4th Master on a salary of Rupees 70 per mensem was recommended in order to provide for the instruction of the proposed class of Draughtsmen, &c.; and as the scale of establishment proposed in that scheme is below the amount which the Government of India, in their letter of the 23rd June last, No. 4226, stated that they were prepared to sanction, I beg to recommend that, pending their sanction, Captain Winscom may be authorized to engage the 4th Master, with a view to the formation at once of the 3rd Department in the Civil Engineering College.

No. 55. ORDER THEREON, 15th March 1860, No. 542.

The Government of India having sanctioned the scheme of Establishment for the Civil Engineering College proposed in the letter of the Director of Public Instruction, dated 11th October 1859, No. 1263, this letter is ordered to be recorded.

(Signed) J. D. BOURDILLON,
Secretary to Government.

No. 350.
