*Proceedings of the Madras Government, Public Works Department,
for the month of March 1860.*

No. 99. Read the following letter from Colonel J. H. BELL, Chief Engineer, to the Secretary to Government, dated 29th February 1860, No. 10,840:—

I have the honor to forward for submission to Government, the accompanying letter from the District Engineer of South Arcot, bringing to notice that the Civil Auditor continues to stop Rupees 125, out of Mr. Brosnahan's salary on account of his family payment in England though his family left England in September last and has already joined him at Madras.

2. Captain Foord states that it must be owing to some mistake that no intelligence of the stoppage of the family payment in England has yet been sent by the India House, and as it appears that so long as official advice has not been received, the Civil Auditor will continue to make the stoppage which must prove to Mr. Brosnahan a serious inconvenience, I have the honor to recommend that the necessary intimation may be made to the Home Government of this circumstance, and that authority may be granted to the Civil Auditor to pass the full salary of Mr. Brosnahan at least as an advance to remove the inconvenience complained of.

No. 100. ORDER THEREON, 17th March 1860, No. 566.

It is observed that a letter was addressed to the Home Government under date the 10th February 1860 on the subject of the payments made in England on account of Mr. Brosnahan's family; but as some time will elapse before a reply is received, the Government resolve, in order to guard against inconvenience to authorize the Civil Auditor to pass to Mr. Brosnahan his full salary from February 1860, leaving the question of arrears to be disposed of hereafter.

(Signed) J. D. BOURDILLON,
Secretary to Government.

Letter was addressed to the Honorable
Government under date the 10th February
1803 on the subject of the payment of
made in England on account of
the Brunswick family; but as
some time will elapse before a reply
is received, the Government has
in order to guard against inconvenience
to arrange the Chief Engineer to pay
the Brunswick family's full debt from
February 1803, leaving the question of
amount to be settled by the
Government.
