*Proceedings of the Madras Government, Public Works Department,
for the month of March 1860.*

No. 112. Read the following Despatch from the Right Honorable Sir C. WOOD, Bart., Secretary of State for India, to His Excellency the Honorable the Governor in Council, Fort Saint George, dated India Office, London, 8th February 1860, No. 15:—

I refrain from expressing any decided opinion upon your letter No. 53 of 1st November last, regarding the best means of promoting the efficiency of the Department of Public Works, until I am informed whether any objection is entertained by the Government of India to your proposed deviations from the uniform system, prepared by that Government, with a view to its adoption throughout all the Presidencies. I will only remark generally that having recently sanctioned arrangements whereby greater control than formerly will be allowed to the several Local Administrations in India over the funds annually assigned to them for expenditure on Public Works, Her Majesty's Government are disposed to think that the organization of the establishment maintained for superintending that expenditure, may with propriety be left in a great measure to the discretion of the same Administrations.

No. 113. ORDER THEREON, 17th March 1860, No. 572.

Ordered that this Despatch be forwarded to the Chief Engineer for his information with reference to the Proceedings of this Government, dated 26th July and 2nd September 1859, Nos. 1801 and 2106.

(Signed) J. D. BOURDILLON,
Secretary to Government.
