*Proceedings of the Madras Government, Public Works Department,
for the month of March 1860.*

No. 11. Read the following letter from Colonel J. H. BELL, Chief Engineer, to the Secretary to Government, dated 17th January 1860, No. 9202:—

With reference to paragraph 8 of the Order of Government, dated 1st July 1859, No. 1613,

1 Letter from the District Engineer, Madura, No. 597, dated 19th September 1859.

2 Volumes of Irrigation Registers.

1 Letter from the Collector of Tinnevely, No. 253, dated 22nd November 1859.

2 Volumes of Registers.

I have the honor to forward herewith the Irrigation Registers received from the Districts of Madura and Tinnevely for the five years ending Fasli 1265.

2. The Collector of Tinnevely in his letter under acknowledgment states that, to re-write the Register would involve a great deal of labour which cannot be done by his Establishment without extra assistance, I have, therefore, deemed it proper to lay the Register before Government as received back from him, being in accordance with the spirit of the Proceedings of Government under date the 22nd August 1859, No. 2007.

No. 12. ORDER THEREON, 21st March 1860, No. 604.

1. The Chief Engineer submits the Irrigation Registers of Madura and Tinnevely. The Madura Register has for the most part been carefully prepared, except that in the index and the body of the Register the taluqs have not been arranged alphabetically as required in the form; nor are the names continued from page to page. These defects should be corrected as far as can be done without a great amount of labor.

2. The Tinnevely Register is stated to have been revised partly with reference to the Order of Government dated 22nd August 1859 No. 2007, but even now the index is not according to the form. Under the circumstances stated by Mr. Silver in his letter dated 22nd November last to the Chief Engineer, the Government will not insist on further alterations; but they expect that future Registers will be more carefully prepared.

(Signed) J. D. BOURDILLON,
Secretary to Government.
