*Proceedings of the Madras Government, Public Works Department,
for the month of March 1860.*

No. 17. Read the following letter from Colonel J. H. BELL, Chief Engineer, to J. D. BOURDILLON, Esq., Secretary to Government, dated 15th March 1860, No. 205:—

As I have been desirous, for some time past, of promoting the second Printer of the Lithographic Department of this Office, (without incurring any additional expense to the State), on account of his merits as an experienced and skilful workman, I have now the honor to solicit sanction, as a fit opportunity offers, to be permitted to add six Rupees to his salary, which is the pay of one of the Pressman who has left for other employment, and whose place need not be re-filled; as his duties, without any inconvenience, have been equally distributed among the other Pressmen.

2. This arrangement, which will increase the salary of the second Printer, from 14 to 20 Rupees, a sum more commensurate with the nature of the laborious duties he has daily to perform, I beg, if approved by the Government, may be authorized to take effect from the 1st instant, the date on which the vacancy occurred.

No. 18. ORDER THEREON, 21st March 1860, No. 607.
The Government sanction the arrangement recommended in this letter, the same taking effect from the 1st instant.

(Signed) J. D. BOURDILLON,
Secretary to Government.

Sir,

As I have been desirous, for some time past, of procuring the second printer of the Lithography Department of this Office (without incurring any additional expense to the State) on account of his merits as an experienced and skilful Workman, I have now the honor to solicit sanction, as a fit opportunity offers, to be permitted to add, six Rupees to his salary, which is the pay of one of the Printmen who has left for other employment, and whose place need not be refilled; as his duties, without any inconvenience, have been equally distributed among the other Printmen.

This arrangement, which will increase the salary of the second Printer, from 14, to 20 Rupees, a sum commensurate with the nature of the laborious duties he has to perform, I beg, if approved by the Government, may be authorized to take effect from the 1st Instant, the date on which the vacancy occurred.

I have the honor to be,

Sir,

Your most obedient servant,

J. H. Bell Colonel
Chief Engineer.
