*Proceedings of the Madras Government, Public Works Department,
for the month of March 1860.*

No. 70. Read the following letter from Colonel J. H. BELL, Chief Engineer, to J. D. BOURDILLON, Esq., Secretary to Government, Fort Saint George, dated Sépákkam, 14th March 1860, No. 11309.

I have the honor to forward for submission to Government the accompanying letter from the District Engineer of Nellore, requesting sanction for the re-employment of A. Viráswámi Mudali, late Sub-Overseer, 2nd class, 2nd grade.

Three Original letters with 1 enclosure
Nos. 719, 859 and 375, dated 7th and
30th April 1859, and 24th February
1860.
Dated 24th February 1860, No. 375.

2. The circumstances connected with the supercession and subsequent dismissal of Viráswámi after a service of two years, are fully explained in my letter dated the 11th July 1859, noticed in the Order of Government dated the 25th idem, No. 1,788. It was either from a mistake or from an intentional omission on the part of this Office that his name did not appear in the General List of Sub-Overseers published on the 5th February 1858, and the repeated and strenuous endeavours which the District Engineer has made in his correspondence with this Office show, not only that he was not disposed to part with A. Viráswámi's services, but also that he attached some value to them. In Proceedings No. 9,763, dated 21st April 1859, the District Engineer who strongly remonstrated against the dismissal of this and another Sub-Overseer, was permitted to bring them on the establishment on vacancies occurring, but he now explains that as under the recent Rules none but Passed Candidates can be entertained, he did not feel himself at liberty to appoint either of them to a vacant post.

3. As to Viráswámi's qualification, the District Engineer states, that he is practically acquainted with both earth and masonry works, and that his Accounts have been always neatly and correctly kept and regularly transmitted; and I am, therefore of opinion, that under the favorable report made of the Sub-Overseer's character for intelligence and honesty, he may be re-admitted to the Department as a Sub-Overseer of the 2nd class, 3rd grade, which is a step lower than his former one.

No. 71. ORDER THEREON, 27th March 1860, No. 633.

Under the circumstances stated, the Government sanction the re-employment of A. Viráswámi Mudali as a Sub-Overseer of the 2nd class, 3rd grade.

(Signed) J. D. BOURDILLON,
Secretary to Government.
