*Proceedings of the Madras Government, Public Works Department,
for the month of March 1860.*

No. 80. Read the following letter from Colonel J. H. BELL, Chief Engineer, to J. D. BOURDILLON, Esq., Secretary to Government, dated Chépaük, 22nd March 1860, No. 11608.

With reference to paragraph 2 of the Orders of Government marginally quoted, I have the honor to state, for the information of Government, that there is no Rule in existence in the case referred to. I believe that the omission of the word "the", which should have preceded "other works" in paragraph 4 of my letter, No. 8730, dated 24th December last, may have caused it meaning to be misunderstood. My proposition was in effect that, there being a fixed allotment for the Jackatalla works, the expenditure on some of those in progress should be reduced to admit of the completion of the Privies, which was considered emergent.
