*Proceedings of the Madras Government, Public Works Department,
for the month of March 1860.*

No. 88. Read the following letter from Colonel J. H. BELL, Chief Engineer, to the Secretary to Government, dated Chépaük, 2nd March 1860, No. 10,937 :—

I have the honor to forward for submission to Government, with reference to their Order dated the 5th January last, No. 42, the accompanying further correspondence with the Civil Auditor and the District Engineer of Nellore, on the subject of the pay and allowances due to Mr. Gowdie up to the date of his dismissal.

From the Civil Auditor, dated 20th January 1860, No. 36.
To the Civil Auditor, dated 30th January 1860, No. 9,733.
From the Civil Auditor, dated 1st February 1860, No. 54.
To the District Engineer, Nellore, dated 10th February 1860, No. 10,192.
From the District Engineer, Nellore, dated 16th February 1860, No. 398.

2. It appears from the District Engineer's letter herewith submitted, that the amount of pay and allowance due to Mr. Gowdie is Rupees 89-5-7, and not Rupees 87-6-8 as stated in my letter dated the 30th November last, and that the amount to be written to profit and loss is Rupees 272-13-7, and not Rupees 274-12-6.

3. It appears that out of Rupees 89-5-7 due to Mr. Gowdie, only Rupees 32-9-3, being the Travelling Allowance for the month of September and part of October, was drawn and taken to the credit of the deficit, and that the pay for the month of September and part of October remains still unpassed by the Civil Auditor, who considers that the Order of the 6th January last above referred to, conveys no instruction as to the disbursement or retrenchment of the pay due for those months.

4. If the amount be drawn and carried to the credit of the deficit, that to be written off to profit and loss would be Rupees 272-13-7 as abovementioned, or otherwise Rupees 329-9-11.

5. As the amount of travelling allowance due to Mr. Gowdie has been already drawn, and as the pay actually due remains to be drawn, I recommend that the Civil Auditor may be authorized to pass the latter, and the District Engineer of Nellore to draw the amount and carry the same to the credit of the deficit; and I request that the Government will be pleased to sanction the net deficit of Rupees 272-13-7 being written off to profit and loss in the accounts of the District Engineer of Nellore.

No. 89. ORDER THEREON, 28th March 1860, No. 612.

Referring to the recent Order* on the case of an alleged robbery of the cash chest in charge of Sub-Overseer Gowdie of the Nellore District, the Chief Engineer reports the correct amount of salary and allowances due to that individual up to the date of his dismissal. Colonel Bell states that only the Travelling Allowance has been drawn and credited to the amount lost, and he recommends that the Civil Auditor may be authorized to pass the salary, in view to that amount also being similarly credited, and further that sanction may be granted for writing off the net deficit to profit and loss.

* 5th January 1860, No. 42.

2. The Honorable the Governor in Council is of opinion that it will be better to write off the whole amount lost, viz., Rupees (362-3-2) three hundred and sixty-two annas three and pice two; and he grants authority for this being done. Mr. Gowdie's undrawn salary as well as his travelling allowance already drawn by the District Engineer will be credited to the State.

(Signed) J. D. BOURDILLON,
Secretary to Government.
