*Proceedings of the Madras Government, Public Works Department,
for the month of March 1860.*

No. 96. Read the following letter from Colonel J. H. BELL, Chief Engineer, to J. D. BOURDILLON, Esq., Secretary to Government, dated Chépaúk, 22nd March 1860, No. 11,585 :—

I have the honor to submit for the favorable consideration of Government, the accompanying letter from the Acting District Engineer of Kurnool, giving cover to a communication from Mr. Supervisor F. Eaton, stating that he was prevented by stress of weather, from reaching Kurnool within the prescribed time.

1 Original letter from Acting District Engineer, Kurnool, with an Enclosure and a Salary Bill.

2. Mr. Eaton, while absent on sick leave, was transferred on the 12th October last, from the Civil Architect's Department to the Kurnool District, he reported his departure from Madras on the 7th of November, and reached Kurnool on the 16th December 1859. Major Scott's Road Book shows that there are 28 stages to be travelled, and allowing four additional halting days for Sundays, I am of opinion, that Mr. Eaton would not have exceeded the time allowed but for the heavy rain which he states, "came down in torrents with scarcely any intermission," and which detained him for 12 days and nights at a village called Chellampett, in the limits of Cuddapah. There is not the least doubt that, from the state of the weather as also of the Roads and Rivers at the time, it was scarcely possible for Mr. Eaton to have reached Kurnool within the prescribed period, and as the Civil Auditor declines to pass his Civil Salary Abstract from 1st to 15th December last, without the previous sanction of Government, I have the honor to request that under the circumstances of the case, the accompanying Bill may receive the early approval of the Honorable the Governor in Council.

No. 97. ORDER THEREON, 28th March 1860, No. 646.

Neither the proper time for Mr. Eaton to reach his station, nor the number of days by which he exceeded it, being found in any of the papers, they will be referred to the Civil Auditor for report.

(Signed) C. G. MASTER,
Dy. Secretary to Government.

Chiefaunt

No 11585

22nd March 1860

From

The Chief Engineer

To

The Secretary to Government P.W.D.

Sir,

I have the honor to submit
for the favorable consideration of
Government the accompanying letter
from the Acting District Engineer
of Samuel giving over to a com-
munication from Mr. Supervisor
J. Eaton, stating that he was
prevented, by stress of weather,
from reaching Samuel within
the prescribed time.

The 3rd Current
encl
1st letter from Ag
of Samuel
with an enclosure
and a salary bill

Samuel

2. Mr. Eaton, while absent
on sick leave, was transferred
on the 12th October last from the
Civil Architect's Department to the
Samuel District. He reported his
departure from Madras on the 7th
of

do.

of November and reached Nasrull on the 16th December 1859. Major Scott's Road Book shows that there are 28 stages to be travelled, and allowing 4 additional halting days for Sundays, I am of opinion that Mr. Eaton would not have exceeded the time allowed but for the heavy rain which he states "came down in torrents with scarcely any intermission" and which detained him for 12 days and nights at a village called Chellampett, in the limits of Cuddapah. There is not the least doubt that, from the state of the weather as also of the Roads and Rivers at the time it was scarcely possible for Mr. Eaton to have reached Nasrull within the prescribed period, and as the Civil Auditor declines to pass his Civil Salary Abstract from 1st to 15th December last, without the previous sanction of Government, I have the honor to request that under the

the circumstances of the case the accompanying Bill may receive the early approval of the Honorable the Governor in Council.
