Sir

I have the honor to acknowledge receipt of your letter of 12th Instant calling for certain particulars not given in my Statement of 5th Idem.

2 In reply I beg to state that these particulars shall be supplied at an early date.

3 I beg however that without waiting for these particulars, you will forward my application for fifty thousand Rupees to Government with the following explanation.

1. With a view to economy I have conducted the business of my Office with as few clerks as I could. The current work of the Office is very rapidly increasing and I find myself unable until the clerks whom I am now engaging take their places in my office, to prepare the Returns which you now require.

5. With regard to the forms in which these Returns are to be rendered and to the System of accounts to be

to be used in all the departments of the Company. I am exceedingly anxious to come to an early and satisfactory conclusion & I have therefore engaged the services of Mr Thomas Peachy whose qualifications as an Accountant are well known and am preparing with him a simple & complete System. Mr Peachy begs that his remuneration should be settled when the amount of labor which his assistance will entail upon him can be ascertained. May I request that you will recommend this arrangement for the sanction of Government.

I have the honor to be &c
