8th. The Executive Commissariat Officer will, in the same manner and to the same extent, be subject to the Military authorities as provided for above, in the case of the Commissary of Ordnance.

9th. Advances of pay when required, will, on the requisition of the Adjutant General of the Army, be issued under the authority of a Garrison Order thro' the Brigade Major, as has heretofore been done by the Town Major.

10th. The Church will be made over to the Lord Bishop under the same conditions, as Churches in Military Cantonments, the necessary accommodation being reserved for the Troops in Garrison.

*Barrack Master.
Garrison Engineer.
Commissary of Ordnance.
Executive Commissariat Officer.

3. The above arrangements will have effect from 31st March 1860.

4. The Governor in Council considers it highly desirable that the selection of an Officer as Brigade Major for Fort Saint George should not be limited to the rank of Captain, but should be extended to that of Regimental Major inclusive, with the view not only of securing the necessary local experience and qualifications, but of avoiding frequent changes in this important appointment,—His Honor further considers that it should be exempted from the five years' tenure rule with reference to the peculiar nature of the duties, which renders it desirable that the principal Executive Staff Officer of the Garrison should be at all times fully competent to their discharge, without that minute supervision which is available elsewhere. These resolutions will be subject to the approval of the Government of India.

5. On the arrangements being completed, the Military Auditor General will submit a report on their financial effect, for transmission to the Government of India and to the Right Honorable the Secretary of State.

6. Paras. 3 and 4 of the Despatch from the Right Honorable the Secretary of State dated 1st December 1859, No. 177, will be communicated to His Excellency the Commander-in-Chief (Adjutant General's and Quarter Master General's Departments,) the Inspector General of Ordnance and Commissary General.

7. Orders have been already issued for abolishing the appointments of Brigadier and Fort Adjutant at Vellore, (transferring the payment of Civil Pensions to the Collector of North Arcot), as well as for the abolition of the Vellore Arsenal. The Commissa-

riat Police has been transferred to the Inspector General of Mufassal Police. The Commissary General will be instructed to report what Commissariat Establishment is maintained at Vellore; and whether its continuance is necessary, and on what footing in future.

8. With reference to the 4th paragraph of the Despatch from the Secretary of State dated 1st December 1859, No. 177, the Governor-in-Council observes, that before a European Detachment can be stationed in the Fort of Vellore, it will be necessary to provide suitable Barrack accommodation, a long period having elapsed since Vellore was discontinued as a station for the location of European Troops, and the buildings formerly used as a Barrack not being habitable.

9. The Secretary of State will therefore be addressed again on the subject. He will be informed that the Government, after further consideration, still entertain the same views as are expressed in their letter dated 13th September 1859, No. 235, para. 4; but he will be solicited, if he adheres to the decision communicated in his Despatch above referred to, to grant early authority for the provision of the required Barrack accommodation, as without it, a European Detachment cannot be located at Vellore.

10. Plans and Estimates for erecting Barracks for two Companies of European Infantry and a Detail of Artillery, with necessary Offices, Officers' Quarters, a Skittle Alley and a Hospital &c., were prepared in 1858; entered in the budget for 1859-60; but held in abeyance pending the reply of the Secretary of State to the proposition for abolishing Vellore as a Military station. A full description (as given in para. 16 of the Public Works budget for 1859-60) of the proposed buildings, the total estimated expenditure of which is Rupees 2,73,790, (which at present prices of labour and materials would be much increased), will be furnished to the Secretary of State, who will also be referred to the Proceedings of Government noted in the margin, and he will be requested to sanction the construction of the buildings in question, if it is finally resolved upon to station a European Detachment in the Fort of Vellore.

11. Clauses I to XII, and XIV and XV of para. 2 of this order, relating to the transfer of the Troops in Fort Saint George to the authority of the Commander-in-Chief, will be published in G. O.
