*Proceedings of the Madras Government, Public Works Department,
for the month of April 1860.*

No. 33. Read the following letter from Colonel J. H. BELL, Chief Engineer, to the Secretary to Government, dated Chepauk, 7th February 1860, No. 10,026:—

I have the honor to forward for submission to Government with reference to their Order, dated 4th July last, No. 1,637 and to my letter, dated 29th December last, No. 8,748, the accompanying further correspondence with the Conservator of Forests on the subject of Captain Morgan's Forest Establishment.

2. The Establishment required by Captain Morgan for future operations is given in Captain Farewell's letter, dated 17th November last, No. 233, already before Government with my letter above referred to and differs but little from that which was entertained by Captain Morgan in May last, and of which a list was submitted to Government with my letter, No. 1,506, dated the 11th June following. The required Establishment is as follows:—

Captain Morgan's salary.....	400	
Do. Travelling Allowance.....	150	550
Head Accountant.....	A. Kandaswami.....	55
Assistant do.		20
Wood-yard Writer.....		14
Karkana Manager.....	Kistnahpa.....	30
Assistant do.	Arumugam.....	15
Superintendent of Coorumboes.....	Hucha.....	15
Do. of Sawyers.....	Abdulla.....	8
Do. of Elephants.....	Corrutam.....	8
Do. of Buffaloes.....	Sheik Moutun.....	7
Peon for general duties.....	Husain Sahib.....	7
Do. (temporary) do.....		6
Superintendent of Contractors Carts.....	Kandaswami Pillai.....	24
Assistant do.	Sheik Budam.....	12
2 Peons at 6 Rupees each.....		12
Total Rupees.....		783

3. Without taking into account the difference of Captain Morgan's present and former salaries, it will be seen that the proposed Establishment is Rupees 29 less than that entertained by him in May 1859.

Captain Morgan's Establishment as noticed in the Order of Government 4th July 1859, No. 1,637, Rs. 562	
Deduct Captain Morgan's salary 300	262
Establishment proposed as above	783
Deduct Captain Morgan's salary and Travelling allowance.....	550
	233
Difference..	29

4. The Conservator of Forests in his letter herewith submitted states, that it is not possible with him to say whether any reduction of this Establishment is practicable at present, that the Establishment at Mudumalai is working on a large scale, and considering the amount of work done and the unhealthiness of the locality is not greater than that at Anamalai which is being worked on the same scale.

5. Captain Farewell is of opinion that 50 Rupees out of this Establishment may be charged to the Jackatalla Barracks, and I have, therefore, included it in the List of Captain Farewell's Establishment submitted to Government in a separate letter, No. 10,025, of this date.

6. Captain Farewell is further of opinion that a portion of Captain Morgan's salary about 100 Rupees and of his Establishment, about 20 Rupees, may be charged to the Ségur ghât of which he was placed in charge. Having already directed in my Proceedings of the 30th September last, No. 5,615, with reference to the Order of Government, dated the 24th idem, that Captain Morgan's salary should be defrayed from the funds allotted for the Jackatalla Barracks, and the same being included in the List of proposed Establishment for the Special Executive Engineer at Jackatalla, submitted in a separate letter of this date, I do not think that there is any reason which calls for an alteration in the arrangement.

312/2
*Proceedings of the Madras Government, Public Works Department,
for the month of April 1860.*

7. There is nothing in the rates of salaries of Captain Morgan's Establishment which tallies with Captain Farewell's proposition to charge one Writer and two Peons' salary Rupees 50 to the Jackatalla works : the salary of the Head Accountant at Utakamand alone being fixed at Rupees 55. Captain Farewell seems to have intended that 50 Rupees out of the gross amount of that Establishment should be charged to the Barracks, and as I could see no objection to this arrangement, I have included this amount with Captain Morgan's salary in the List of Establishment of the Special Executive Engineer at Jackatalla, submitted with a separate letter of this date.

8. As I concur with the Conservator of Forests that Captain Morgan's Establishment is not larger than is absolutely required, and as I am of opinion that it is very desirable that the Forest Establishment should be maintained in as efficient a footing as possible since on its supply of Timber the early completion of the Jackatalla works mainly depends, I beg to recommend that the sanction of Government may be granted to the proposed Establishment as follows:—

	Rs.
Captain Morgan's Forest Establishment...	233
Deduct amount to be charged to the Jackatalla Barracks...	50

Rupees..... 183

to be charged to the Forest, subject to such reduction as the Conservator of Forests may hereafter think proper to recommend.

No. 34. ORDER THEREON, 4th April 1860, No. 691.

In compliance with the requisition in paragraph 7 of the Order 4th July 1859, the Chief Engineer reports, in this letter, on the Establishment proper to be maintained in connection with the Mudumalai Forest.

2. A detailed list of the proposed Establishment is given in paragraph 2. Exclusive of the pay of and Travelling allowances of the Superintendent, which amount to Rupees 550 per mensem, the monthly expenditure will be Rupees (233) Two hundred and thirty-three. The Conservator of Forests has been consulted on the subject, but he forbears to give a decided opinion; the tenor of his remarks, however, is opposed to reduction. He hopes, however, to meet Captain Morgan at no distant date, and then to be able to speak decidedly.

3. The Government now sanction the continuance of the Establishment on the scale thus proposed by the Chief Engineer, subject to any future reduction that may appear expedient after the receipt of Doctor Cleghorn's promised further report.

4. The Government have already ruled that the salary of the Superintendent shall be a charge on the Barracks. Colonel Bell now proposes, on the suggestion of the Special Executive Engineer at Jackatalla, to debit the Barracks with 50 Rupees a month on account of the Establishment. - This division of the charge appears unnecessary and objectionable. Captain Morgan's salary and the pay of his Establishment will both be charged to the Forest in the first instance, and the whole expenses of working the Forest will form a charge on the Jackatalla Barracks sanction.

Submits correspondence relative to the establishment to be maintained by Captain Morgan for the Mudumalai forest and solicits sanction for the establishment proposed by that officer
(Here enter 7th Feb 1860 No. 10126)

In compliance with the requisition in para 7 of the order 4th July 1859, the Chief Engineer reports, in this letter, on the establishment proper to be maintained in connection with the Mudumalai forest.

2. A detailed list of the proposed establishment is given in para 2. Exclusive of the pay and travelling allowances of the Supt., which amount to Rs. 550 per mensem, the

monthly expenditure
will be Rs/233/ two hun-
dred and thirty three. The
Conservator of Forests
has been consulted on the
subject, but he forbears
to give a decided opinion.
The tenor of his remarks,
however, is opposed to re-
duction. He hopes how-
ever to meet Captain
Morgan at no distant
date, and then to be able
to speak decidedly.

3. The Govt. now
sanction the continuance
of the establishment on the scale
thus proposed by the
Chief Engineer, subject
to any future reduction
that may appear impe-
dient after the receipt
of Dr. Cleghorn's promised
further report.

4. The Govt. have al-
ready ruled that the
salary of the Supdt.
