ECCLESIASTICAL DEPARTMENT.

PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following Proceedings of Government, in the Public Department.
(Here enter 16th March 1860, No 381.)

ORDER THEREON, 22nd March 1860, No. 91.

Resolved that paragraph 11 of the President's Minute of the 18th January last, be communicated to the Right Reverend the Lord Bishop.

2. It is observed that, on the application of the Madras Diocesan Committee of the Society for the Propagation of the Gospel in Foreign parts, the Government, in their Order of the 24th September 1859, No. 321, agreed to defray one third of the cost of the repairs then required to the Church belonging to the Society at Negapatam.

3. The Collector of Tanjore will be called upon to submit, through the Department Public Works, a report on the present condition of the Burial Ground at Negapatam.

(True Extract.)

Chief Secretary.

To the Right Reverend the Lord Bishop.

„ Collector of Tanjore.

„ Department Public Works.

Extract from a Minute by the Honorable the Governor, dated 18th January 1860.

Para: 11. The local community are anxious to have proper Religious and Medical assistance. As the Government cannot undertake to provide spiritual instruction except for its own European servants, the different sections of the community must provide themselves with Pastors according to their respective persuasions. There is a handsome Dutch Church, which will, I hope, soon be repaired by public subscription, without any alteration of style. The inhabitants are properly desirous that the Dutch tombs in the burying ground should be repaired; but the restoration of the Church would be a still more appropriate monument to our famous predecessors. The position of the Government is nearly the same in regard to medical as to spiritual assistance. Steps have, however, already been taken to raise funds for the erection of a General Hospital, the expense of which will, under existing rules, be partly borne by the Government. In connection with this, more than one able Medical man might be supported by the private practice of a community like that which may be expected at Negapatam. The present Dispensary and Native Hospital, which are inconveniently situated away from the people, near the old Collector's Khachéri, should be consolidated with the new General Hospital.
