*Proceedings of the Madras Government, Public Works Department,
for the month of April 1860.*

No. 19. Read the following Proceedings of the Board of Revenue, dated 19th March 1860,
No. 1,401 ;—

Read the following letter from W. KNOX, Esq., Collector of Krishna District, to J. D. SIM, Esq., Secretary to the Board of Revenue, Fort Saint George, dated Tenali, 9th March 1860, No. 51 :—

With reference to the Board's Circular accompanied by an Order of Government, dated 8th ultimo, No. 203, directing that Compensation might be made to the Owners of the Houses, &c., that must be removed to make way for the Bandar Canal, I have the honor to forward herewith copy of my letter to the District Engineer, Krishna Division, dated 23rd February 1860, No. 37, and of his letter,* No. 1,037, on the subject; in which he states that it will be impracticable to settle with the Owners of the Houses, &c.,
* 5th March 1860.
above alluded to until the next official year, as he has no Funds available for this purpose. I beg leave to know if the money may be advanced for this purpose, if the proposed line is sanctioned. It is to be observed that only a rough Estimate of the value of the property has been sent in; it will probably cost more than the sum set down.

Resolved that the above letter be submitted to Government, with reference to their Order, dated 8th ultimo, No. 203, Revenue Department, and that instructions be requested as to whether the grant of Compensation to the Owners of Lands taken up for the "Bandar" Canal in the Krishna District is to be deferred until the ensuing official year, prior to which the District Engineer will not have Funds available for the purpose.

2. The Board are not aware whether special reasons require that the land in this case should be paid out of the sanctioned Estimate for the work. The Collector, it will be seen, doubts the sufficiency of the Estimate for Compensation.

No. 20. ORDER THEREON, 12th April 1860, No. 733.

It is not apparent from this correspondence whether the Compensation for Land or Houses in the Pétai has in any case been settled, or whether any such Land has yet been taken. Land taken for the Canal should in all cases be paid for before being taken; but that is sufficient. If any Land is required to be taken, and therefore to be paid for, before the close of the current official year, viz., before the 1st May, the Collector is hereby authorized to advance the necessary funds, to be charged ultimately to the Canal sanction.

2. The Collector says the property "will probably cost more than the sum set down;" but he omits to say what sum he refers to. The amount allowed by the District Engineer in his revised Estimate is 10,000 Rupees, but he states that the Collector is of opinion that the sum really found to be payable will not exceed 9,000 Rupees.
