*Proceedings of the Madras Government, Public Works Department,
for the month of April 1860.*

No. 21. Read the following letter from Captain F. H. RUNDALL, Consulting Engineer for the Irrigation and Canal Company, to J. D. BOURDILLON, Esq., Secretary to Government in the Revenue and Public Works Department, dated Pater's Garden, 24th March 1860, No. 58 :—

I have the honor to solicit the sanction of Government for the subjoined Contingent charges for articles required in my office :—

	Rs.	A.	P.
1 Scale for weighing letters	17	0	0
1 American Clock... ..	25	0	0
Printing 600 Envelopes... ..	4	8	0
Making 4 Belts for Peons @ 10½ Rupees each... ..	42	0	0
Total Rupees.....	88	8	0

No. 22. ORDER THEREON, 12th April 1860, No. 734.

The Government sanction the proposed expenditure for articles required for the office of the Consulting Engineer for the Irrigation and Canal Company ; but the prices proposed to be paid are high and admit of considerable reduction. The sum recently paid for a Letter Scale and Weights for the Government Office was only 9 Rupees, and the price of Belts without Badges at 10½ Rupees each seems extravagant, especially as those made up for the Peons of the Government Office cost on an average only Rupees 6-9-4 each, that is, using superior broadcloth for the purpose. The Government desire that the printing of envelopes may be executed at the Fort Saint George Gazette Press.

(Signed) J. D. BOURDILLON,
Secretary to Government.
