ECCLESIASTICAL DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from the Reverend T. DEALTRY, Acting Archdeacon of Madras, to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 26th March 1860, No. 112.

In reference to the Order of Government, Ecclesiastical Department, 16th November 1859, No. 364, I crave permission to bring to the notice of His Excellency the Governor in Council the following statement extracted from a letter which I have received from Mr. Innes, Secretary to the Committee for building a Church at Kurnool.

Writing under date Kurnool, 14th March 1860, he says "I have the pleasure to inform you that 1,857 Rupees have been paid in towards the erection of the Church at Kurnool, 560 Rupees is the amount sanctioned by the Committee of the Church Building Society, total Rupees 2,417. I observe that in the Proceedings of the Madras Government of the 16th November 1859, No. 364, with a copy of which you kindly furnished me, an error was made in concluding from the Tabular statement sent that the 2,357 Rupees to be raised from private sources was irrespective of 560 Rupees to be granted by the Church Building Society. The 2,357 Rupees include the grant of 560 Rupees. I intended that this should have been inferred from the remark I made in column 8 of the Tabular statement, wherein I stated that the 1,315 Rupees paid up was irrespective of the grant by the Church Building Society, as though that grant was not paid up, but only promised to be paid when the work neared completion, I considered it as good as if paid up properly therefore included in column 8. The mistake appears to have arisen from the word "residents" in the heading of column 6. Under it I concluded subscriptions from all private sources, a subscription from the Bishop being therein included as well as the grant of the Church Building Society."

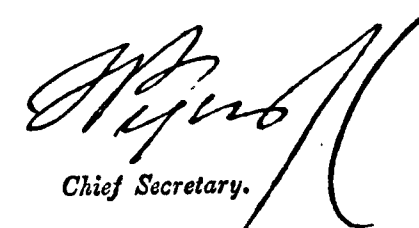

I trust that the above explanation may prove satisfactory to His Excellency in Council; and that, as the amount paid up has exceeded the sum required in the Orders of Government (if the grant of the Church Building Society be added to the subscriptions) sanction may be given for the payment of the 2,240 Rupees and orders issued for the commencement of the work.

ORDER THEREON, 5th April 1860, No. 110.

It is observed that, of the contributions expected towards the erection of a Church at Kurnool, only Rupees 1,857 have been paid up, the proposed grant from the Church Building Society of Rupees 560 having yet to be made good.

2. On this being done and the same intimated to him, the Collector of Kurnool will disburse the sum of Rupees (2,240) two thousand two hundred and forty, as a contribution from Government, towards the construction of the proposed Building, the work to be executed by the Engineer of the Division under the orders of the Department of Public Works.
