*Proceedings of the Madras Government, Public Works Department,  
for the month of May 1860.*

---

No. 128. Read the following letter from Captain F. H. RUNDALL, Consulting Engineer for the Irrigation and Canal Company, to J. D. BOURDILLON, Esq., Secretary to Government, dated Pater's Garden, Madras, 13th April 1860, No. 66:—

I have the honor to bring to your notice, that the Agent informs me that the Chief Engineer will soon have a large portion of the Canal sufficiently staked out, to admit of a Revenue Officer examining the ground, and of making the necessary arrangements for handing it over to the Company's Engineers.

No. 129. ORDER THEREON, 8th May 1860, No. 959.

1. It is the intention of the Government to depute a Special Officer for the purpose of making over the land required by the Irrigation Company for the work which they are about to commence in Kurnool, but the Officer selected is not at present available. As, however, Captain Rundall has set out for Kurnool to inspect the line, and the land will be ready to be made over as soon as he has approved of the line, the Government resolve to instruct the Collector to lose no time in making over such land as may be immediately wanted, employing for that purpose the best agency at his command.

2. The Collector will be careful to pay for all private land before it is taken for the Company.

(Signed) J. D. BOURDILLON,  
Secretary to Government.
