*Proceedings of the Madras Government, Public Works Department,
for the month of May 1860.*

No. 150. Read the following Proceedings of the Madras Government in the Ecclesiastical Department, dated 27th April 1860, No. 127:—

Calling for Estimates for enclosing certain Burial Grounds } (Vide Ecclesiastical Proceedings from 21st to
and directing the immediate execution of repairs to another } 30th April 1860, Nos. 17-18.)
in Vizagapatam.

No. 151. ORDER THEREON, 9th May 1860, No. 970.

Ordered to be recorded.

(Signed) J. D. BOURDILLON,
Secretary to Government.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from Colonel J. H. BELL, Chief Engineer, to the Secretary to Government, Public Works Department, dated 18th April 1860, No. 12,418.

With reference to the Proceedings of Government in the Public Department, dated 16th January 1860, No. 70, I have the honor to

Enclosures 4.

1 Letter from Collector of Vizagapatam, dated 30th March 1860, No. 380, with 3 Enclosures. forward herewith a letter received from the Collector of Vizagapatam, reporting on the condition of the Burial Grounds in that District which are five in number.

2. The Vizianagram Burial Ground is stated to be in good order. The wall on the west side is slightly cracked. Mr. Griffiths, the Chaplain, reports that the ground is quite full and that a new piece is required to be added to it. The Collector brings to notice that a field to the north of the ground in question could be obtained for that purpose.

3. The Burial Ground in the old Fort of Bimlipatam needs a few trifling repairs. Much was done in the past year towards improving it. There is another Burial Ground at Kumara-polem, in the vicinity of Bimlipatam, which, not having been enclosed, has been partly cultivated by the villagers, the remaining extent being used by them as a public privy. Mr. Griffiths, proposes to make this latter Cemetery in future the chief one, and the Collector concurs in the desirableness of this arrangement.

At Vizagapatam there is an old Burial Ground situated in the main street of the town about 300 yards north of the Fort, which is in good condition, being secured by a strong wall and gate. The one now in use is on the side of the road leading to Waltair and is represented to be so crowded as to have room for only two more burials. A site for a new Burial Ground has been selected as reported on by the Collector to Government on the 24th March 1860.

Transferred to the Ecclesiastical Department.

(Signed) C. G. MASTER,

Depy. Secy. to Govt.

19th April 1860.

ORDER THEREON, 27th April 1860, No. 127.

The Burial Ground at Vizianagram being, it is stated, quite full, the Collector will take the necessary steps for securing the whole or so much of the field to the north of it as may be necessary for the purpose of enlarging the Cemetery, and the District Engineer will submit, through the Department of Public Works, an estimate for enclosing the additional ground by a wall with a gate.

2. The trifling repairs stated to be required to the Burial Ground in the old Fort of Bimlipatam should be at once executed, and the Cemetery at Kumara-polem may, as proposed by the Chaplain, be used for future interments, after it has been enclosed and the ground cleared. The necessary estimate for a wall and gate to it will, accordingly, be submitted, as early as practicable, by the District Engineer, through the Department of Public Works.

3. On the 14th instant the Collector was authorized to secure a site for a new Cemetery at Vizagapatam the one now in use being almost fully occupied by graves.

(True Extract.)

Chief Secretary.

To the Chief Engineer.
