I, James Sanderson, Surgeon Major
and Garrison Surgeon Fort Saint
George do hereby certify that Edmund
Forster, Webster, Esquire, of
the civil service
is in a bad state of health, and I solemn-
ly and sincerely declare that according
to the best of my judgment, a change
of air is essentially necessary to his
recovery, and do therefore recommend
that he may be permitted to proceed
to England.

It is hereby notified that according to the
best of my professional judgment after
careful personal examination of the
case I have seen the state of health of
E. F. Webster seems to be such as to
warrant leave of absence for a period
of 15 months highly desirable for his
recovery.
