Proceedings of the Madras Government, Revenue Department, 15th January 1861.

No. 202. Read the following letter from Captain H. R. MORGAN, Officiating Conservator of Forests, to J. D. SIM, Esq., Acting Secretary to Government, Revenue Department, Fort Saint George, dated Madras, 27th December 1860, No. 310:—

SIR,

1. With reference to the orders of Government, No. 1,855, dated 12th October 1860, I have the honor to submit a detailed statement of the increased establishment proposed for the Nellambúr teak plantations.

2. The Collector is of opinion that the supervision is in too great a proportion to the labor, and I agree with him, but this can be adjusted hereafter.

Disbursements.....	3,011	0	1

3. The money return for 1859-60 was as per margin,* showing a balance of Rupees 1,703-15-11, in favor of Government.

4. The former grant was Rupees 3,000, the proposed grant amounts to Rupees 6,000, and I would strongly recommend that it be sanctioned.

5. The Collector of Malabar is of opinion that the returns will equal the proposed grant' further that 120,000 trees can be planted for the above sum.

6. Of late years the planting of new ground has not been carried on to the extent it formerly was, consequent upon the establishment being occupied in thinning the already existing plantations, even these have not been sufficiently thinned, and the demand for an increased establishment is most urgent.

No. 203. ORDER THEREON, 15th January 1861, No. 102.

1. The Acting Conservator should at once revise the proposed establishment so as to make the supervising duly proportionate to the working agency. The Government meanwhile sanctions that now proposed.

2. The Governor in Council remarks that the Acting Conservator speaks of this as an increased establishment while in reality it contains a smaller number of working men than the existing scale. This should be explained when the matter is re-submitted.

(Signed) J. D. BOURDILLON,
Secretary to Government.

The Acting Conservator should at once revise the proposed Establishment so as to make the supervising, duty proportionate to the working agency - The Government + Mr Lawrie's ~~are willing to sanction~~ that two first selections ~~are scarcely imperfect for~~ forest.

The Governor in Council remarks that the Acting Conservator speaks of this as an increased Establishment, while in reality it contains a smaller number of working men than the existing scale - This should be explained when the matter is resubmitted.
