Dated 25-5-1861.

Not to be folded or roughly handled

Proceedings of the Madras Government, Revenue Department, 25th May 1861.

No. 216. Read the following letter from Lieutenant-Colonel W. H. HORSLEY, Chief Engineer, Department Public Works, to J. D. SIM, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated Chepauk, 13th May 1861, No. 461 :—

SIR,

No. 683, 30th April 1860.
No. 918, 23rd " 1861.

1 Indent for Instruments for 1861-62.

1. Referring to the Orders of Government noted in the margin, I have the honor to forward for transmission to the Home Authorities an Indent signed by Captain Priestley, the Superintendent Revenue Survey, for stores required by his Department for the official year 1861-62.

2. In the Proceedings of Government above quoted, No. 683, it was ordered that the Indent for Instruments required by the Revenue Survey Department, "should be submitted "through the Chief Engineer for the sanction of Government." As this procedure, however, entails additional correspondence and trouble to both Departments, I take the liberty to suggest that in future Captain Priestley be permitted to submit his own Indents direct. His doing so will simplify business, and appears more in accordance with the last paragraph of the Government Order, in the Revenue Department, No. 918, dated 23rd April 1861, which states that the Survey Superintendent should communicate with Government direct, on matters affecting his own Department.

No. 217. ORDER THEREON, 25th May 1861, No. 1,085.

1. The Indent will be forwarded to the Director General of Stores, India Office, London.
2. The suggestion made in paragraph 2 of the Chief Engineer's letter is approved.

(Signed) J. D. SIM,
Secretary to Government.
