*Proceedings of the Madras Government, Revenue Department, 8th June 1861.*

No. 81. Read the following Proceedings of the Board of Revenue, dated 13th May 1861, No. 2,416:—

Read letter from the Collector of North Arcot, dated 20th March 1861, No. 49.

(In Cons. 25th March 1861, No. 1,890.)

1. Submitted to Government, with reference to paragraphs 4 and 5 of their Order, dated 16th October 1860, No. 1,878, Revenue Department. The Board consider that compensation for the past is fairly claimable *inclusive* of Fasli 1263.

In Cons. 17th October 1860, No. 5,279.

2. With regard to paragraph 5 of the present letter, the Board are of opinion that the Ryots of the lands in the Kallur Polliam taken up for Trunk Road, No. 11, are fairly entitled to compensation for loss of crops in Faslis 1263 and 1264; and if Government concur in this view, they recommend that Rupees 55-9-0 be sanctioned on this account for payment to them, in addition to the amount already reported, viz., Rupees 597-12-7. In other respects, the arrangements already authorized need no modification.

No. 82. ORDER THEREON, 8th June 1861, No. 1,167.

Under the circumstances represented, and at the recommendation of the Board of Revenue, the Government sanction the payment of Rupees (55-9-0) fifty-five and Annas nine, being the compensation due to the Ryots for loss of crops in Faslis 1263 and 1264, on the lands in the Kallur Polliam taken up for Trunk Road, No. 11, in addition to the compensation to the Poligar for loss of assessment on the lands, viz., Rupees (597-12-7) five hundred and ninety-seven, Annas twelve and Pice seven.

*Secretary to Government.*

IN CONS. 25TH MARCH 1861, No. 1,890.

From J. D. ROBINSON, Esq., Acting Collector of NORTH ARCOT,
dated Chittoor, 20th March 1861, No. 49.

To Board, 16th October 1856.

I have the honor to acknowledge receipt of the Proceedings of the Board, dated 19th October 1860, No. 4,800, calling upon me to explain the discrepancies pointed out in the order of Government therewith embodied, in respect of certain lands taken up in the Kallur Paliam, for Trunk Road No. 11. When Mr. Whittingham first moved in this matter, he calculated compensation from Fasli 1265, on the faith apparently of a report from the Acting Tahsildar, that 36-0-5 of punja land had been taken up in Fasli 1264 after the crop had been harvested.

2. Further explanation having been called for by the Board in their Proceedings, dated 7th January 1857, No. 77, the then Tahsildar was instructed to forward a detailed Statement showing the particulars of land formerly reported, as well as of any additional ground subsequently appropriated for the same road.

3. When the statement came to hand, it was found on examination to differ from that alluded to in paragraph 2, inasmuch as it represents the land to have been taken up in Fasli 1263, whilst the crops were yet on the ground, and not, as the other has it, in Fasli 1264 after they had been harvested. To clear up doubts, Mr. Whittingham sent the new Statement to the District Engineer for verification, who reported the measurements correct in his letter, dated 8th March 1859. On the strength of this testimony, I recommended to the Board that compensation should be awarded on the terms specified in my letter dated 26th July 1860, No. 175.

4. On the receipt of the Proceedings under reply, I directed the present Tahsildar again to verify the statement anew in conference with the village officers and respectable cultivators and to obtain through them the additional information called for in the order of Government.

5. From the depositions thus taken, I learn that the land in question really was, as stated in paragraph 3, taken up in Fasli 1263, whilst the crops were on the ground, and that the Poramboke portion of it lies among hill defiles and ravines, and is so broken and stony as to be incapable of improvement. When I say elsewhere that the land was under crop, I speak generally, as the actual cultivation on the whole extent taken up was for the two Faslies in question only what is particularized in the margin, the remainder being waste. The Ryots do not claim compensation for loss of crop, but are perhaps for that very reason all the better entitled to it. If Government agree in this view of the matter, Rupees 55-9-0 would have to be disbursed to them, that being a moiety of the aggregate produce, the rate at which the Ryots' share was settled in Fasli 1215.

| Fasli. | Punja extent. K. | AS. | CH. | Assessment. R. | AS. | P. |
|---|---|---|---|---|---|---|
| 1263... | 19 | 5 | 10 | 50 | 0 | 10 |
| 1264... | 2 | 6 | 4 | 5 | 8 | 2 |
| Total... | 21 | 11 | 14 | 55 | 9 | 0 |

6. The small scrub and jungle growing on the Poramboke land were wholly valueless, so that in no way could the Poligar have turned that item to profitable account.
