Proceedings of the Madras Government, Revenue Department, 28th June 1861.

No. 305. Read the following Proceedings of the Board of Revenue, dated 18th May 1861, No. 2,559:—

Read letter from the Collector of Tinnevelly, dated 26th March 1861, No. 146.

(In Cons. 3rd April 1861, No. 1,979.)

1. Submitted for the information of Government, with reference to their Order, dated 8th March 1861, No. 541.

2. The Board concur in the opinion of the Collector, that the boats should be permanently retained as it is of importance that the pearl banks should be guarded in the intervals between the Fisheries. During the south-west monsoon, however, the crew of the "Emily" may be discharged, with the exception of the Tindal and one Lascar (whose salaries will jointly amount to Rupees 24), unless the Government prefer to employ her in the conveyance of treasure from the Ports of Tinnevelly and Madura to Madras, as suggested by the Master Attendant of Tutacorin.

	Rs.
Tindal	15
Lascar	9

3. The Board do not support this proposal.

(Signed) W. HUDLESTON, *Secretary.*

No. 306. ORDER THEREON, 28th June 1861, No. 1,280.

1. The Government sanction the retention of the guard boats for the protection of the Tinnevelly pearl banks till the Fishery next year, the largest boat, the "Emily," being laid up during the south-west monsoon.

2. The Financial Department will, however, be informed that the "Emily" may be made available during that period for the conveyance of treasure, as suggested by the Master Attendant of Tutacorin.

	Rs.
1 Tindal	15
6 Lascars at 9 Rupees	54
1 Cook	9
1 Parmandadi	9

3. Ordered that application be made to the Government of India for the establishment required for the third guard boat, of the strength noted in the margin, as resolved in Proceedings, dated 8th March 1861, No. 541.

(Signed) J. D. SIM,

Secretary to Government.

Ordered that the following letter be despatched.

No. 307. From J. D. SIM, Esq., Secretary to the Government of Fort Saint George, to W. GREY, Esq., Secretary to the Government of India, Home Department, dated 28th June 1861, No. 1,281:—

SIR,

1. I am directed by the Honorable the Governor in Council to submit the accompanying application in the prescribed form, for an establishment required to work a third guard boat for the protection of the pearl banks off the coast of Tinnevelly, amounting, as shown in the margin, to 87 Rupees a month, or 1,044 Rupees per annum; this Government having already in their Proceedings of the 8th March 1861, No. 541, authorized the entertainment of the Establishment in anticipation of the sanction of the Supreme Government.

For the "*Edith.*"	RS.
1 Tindal	15
5 Lascars at 9	45
1 Cook	9
1 Parmandadi	9
	78
For the new boat establishment as in the margin of paragraph 1	87

2. In their Financial Resolution of the 7th November 1860, No. 11,381,* the Supreme Government confirmed the sanction given by this Government to the entertainment of Establishments for the other two guard boats as noted in the margin. The one now applied for is slightly larger than that allowed for the smaller of the two boats, but the Superintendent of Marine, to whom the examination of the proposed Establishment was referred, has reported that the excess consists in having one Lascar more, and recommends a compliance with the application as the new boat is larger than the smaller of the two former vessels.

3. These vessels are to be retained for the protection of the pearl banks until next year, when there will be another Fishery. The "Emily," however, which is the largest of the three boats, will be laid up during the months of June, July, August and September, when the south-west monsoon prevails, and her crew dismissed, with the exception of the Tindal and one Lascar, whose salaries will jointly amount to 24 Rupees.

	RS.
1 Tindal	15
1 Lascar	9
	24

4. The fishery held at the commencement of this year was very successful and produced a revenue of nearly 2½ lacs of Rupees. The conservancy of the banks in the intervals between the fisheries is therefore deserving of a trial, and the Government trust that their proceedings in this matter will be confirmed.

FORT SAINT GEORGE,
28th June 1861.

IN CONS. 3RD APRIL 1861, No. 1,979.

From J. SILVER, Esq., Collector of TINNEVELLY,
dated Tutacorin, 26th March 1861, No. 146.

With reference to paragraph 4 of the order of Government, dated 8th March 1861, No. 541, communicated to me by the Board, under date the 11th idem, I have the honor to inform the Board that in my opinion all three boats should be permanently retained, and that the largest may be laid up during the south-west monsoon, and the greater portion of her crew discharged.

2. The Master Attendant at Tuticorin concurs with me, and states that as the pearl banks on the coast are now becoming exceedingly valuable, he does not consider that any of the guard Schooners can be permanently laid up, as after the conclusion of the present fishery, there will still remain banks off Tuticorin and Trichendoor to be guarded; but that during the months of June, July, August and September the "Emily," the larger vessel, can be retained in port and her crew discharged with the exception of the tindal and one lascar retained to keep her in order.

3. The Master Attendant further recommends that as Government often require to send treasure from this and the adjoining district of Madura to Madras, the "Emily" might be made useful for this service during the south-west monsoon.
