FINANCIAL RAILWAY DEPARTMENT.
PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from H. A. FLETCHER, Esq., Agent and Manager; to Captain P. P. L. O'CONNELL, Deputy Consulting Engineer for Railways in charge, dated 25th June 1861, No. 598.

1. Adverting to your letter No. 244 dated 11th March last, I have the honor to inform you that the Acting Chief Engineer has reported that the Salt Cotaure line will be finished and available for the carriage of Salt in a few days. He has promised to report further as soon as the line is ready.

2. With regard to the completion of the Goods branch, Mr. Ross reports as follows:—
“With reference to the other portion of the line leading down to the new Goods shed, I fear that that cannot be completed for nine months; every effort however shall be made to complete it in a shorter time. On this portion of the line a great amount of work has been left undone, these are the Earthwork and Bridges connecting the Salt line with the Goods line, the large Goods Warehouse and a considerable portion of earthwork on the Goods line.”

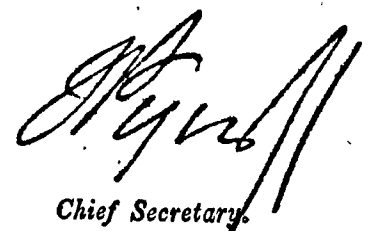

Forwarded for the information of Government, with reference to Order No. 160 dated 4th March 1861.
