*Proceedings of the Madras Government, Revenue Department,
8th July 1861.*

No. 115. Read the following Proceedings of the Board of Revenue, dated 6th June 1861, No. 2,950 :—

Read the following letter from J. SILVER, Esq., Collector of Tinnevely, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, Chepauk, dated Kytur, 15th May 1861, No. 216.

SIR,

1. With reference to the Proceedings of the Madras Government, dated 7th February 1861, No. 301, communicated to me by the Board on the 1st instant, I have the honor to state for the information of the Board, that no sales of the stones obtained from the western wall of the Fort of Palamcottah have as yet taken place under the Order of Government, dated 11th December 1860, No. 2,365, owing to the delay on the part of the District Engineer in selecting the extra sized stones proposed to be kept for the Strivyguntum Anicut, and which is now being done. After the stones required have been fully separated, the remaining stones will be sold by public auction, and the work of taking down the wall re-commenced.

2. The report called for by Government in paragraph 4 of their Order, dated 21st May 1860, No. 814, was submitted to the Board on the 29th June 1860.

3. As regards the report required in paragraph 2 of the above quoted Order, I beg to state that on the receipt of the Order in question, I requested the District Engineer to furnish me with a sketch map of the site on which the western wall of the Palamcottah fort is situated, which when received, will be forwarded to the Board together with my suggestions as to the way in which the land may be laid out for public convenience, after the demolition of the wall.

In Cons. 8th February 1861, No. 798.

1. Submitted to Government with reference to their Order in the Revenue Department, No. 301, dated 7th February 1861.

2. The Board beg to repeat their recommendation that the Collector be authorized to expend the sale proceeds amounting to Rupees 323-2-0, of the fragments of the guns in Palamcottah fort which were destroyed as unserviceable and sold as old iron, in the further demolition of the fort walls.

3. The report alluded to in paragraph 2 of the Collector's letter will be shortly submitted to Government.
