After examining the Proceedings of the Board of Revenue, the Government of Madras, and the Government of India, in regard to the granting of this and other pensions to the Udayagiri family, the Collector is unable to ascertain whether it was intended that these pensions should be for life or for what period. Under the circumstances, however, it will probably be thought only right to continue the allowance at all events to the members of the immediate family of the late recipients with an intimation that the shares so given will terminate with the life of each recipient, and in that case the Collector recommends the entire Yconiah be divided equally among the members of the deceased's family, each member to enjoy one-fourth portion of the Yconiah, viz., Rs. 7-8-0 each. The share of the son Kasim Saheb and his mother Fattema Saheba being registered conjointly, and the remaining two one-fourth shares separately in the name of the daughter (Amman Saheba) and second wife (Nelamla Saheba), and that the arrears from the 23rd October 1859 up to the 30th April 1861, amounting to Rupees 548, be equally disbursed in four shares to the above named parties.

*Proceedings of the Madras Government, Revenue Department,
22nd July 1861.*

It is evident from the tenor of the Order of Government, dated 15th December 1840, No. 161, Secret Department, that the means of subsistence provided for the family of the late Jágírdar of Wodiagherry, who was convicted of treason against the State, were intended for the term of their natural lives only. In consideration, however, of the peculiar circumstances of the case, and of the facts recorded in paragraph 5 of the same Order, the Board recommend that the pension granted to the late Nurulla Sahib, be equally divided between his son, daughter and two wives, the share of each lapsing on his or her death, and that it be so continued in arrears from the decease of the late incumbent.

Ordered that the following letter be despatched.

No. 301. From J. D. SIM, Esq., Secretary to the Government of Fort Saint George, to the Secretary to the Government of India, dated 22nd July 1861, No. 1,454.

SIR,

1. I am desired by His Excellency the Governor in Council to submit, for the orders of the Government of India, a communication* from the Board of Revenue with enclosure on the subject of the continuance to his family of the pension, of Rupees 30 per month, enjoyed by the late Núrulla Sahib, brother of the late Jágírdár of Udayagiri, who died on the 22nd October 1859.

2. The circumstances connected with the case are detailed in the papers transmitted from Madras to the Government of India on 15th December 1840, with letter No. 160, Secret Department, and on which orders were passed in Despatch from Calcutta of the 11th January 1841, No. 29.

3. From paragraph 5 of the Extract Minutes Consultation of this Government, dated 15th December 1840, No. 161, Secret Department, it appears that the late Núrulla Sahib had been released from the confinement to which, in common with the ex-Jágírdár of Udayagiri and the two sons of the latter, he had been subjected; that in consequence, a reduction of 50 Rupees per mensem was made from the sum hitherto allotted for the support of the immediate family of the rebellious Jágírdár, and that the name of Núrulla Sahib was entered in the list which was forwarded for the favorable consideration of the Government of India for a pension of Rupees 30 per mensem.

4. The allowances detailed in this list were sanctioned in paragraph 4 of the Despatch alluded to above.

5. The tenor of the correspondence in question implied, as the Board of Revenue observe in their Proceedings now forwarded, that the allowances were intended to continue for the terms only of the natural lives of the recipients. I am directed, however, to support the favorable recommendation made by the Board of Revenue, for the division of the pension between the four relatives of the deceased, in the manner and on the terms described in their report.

6. It will be observed from the enclosure to the Board's Proceedings now transmitted, that the surviving relatives of the deceased pensioner, possess Inám lands producing about 120 Rupees a year. The entire discontinuance of the pension of Rupees 30 monthly would press heavily on the family, three of whom are females, unable, of course, to earn their subsistence.
