Read the following letters :—

No. 66. Read the following Endorsement of the Deputy Chief Engineer in charge of Central Office of Public Works, dated Chepauk, 13th July 1861, No. 2,647.

From Captain J. CARPENDALE, Principal of the Civil Engineering College, to the Chief Engineer, dated Chepauk, 4th July 1861, No. 172.

SIR,

1. In forwarding a Roll of students of the Civil Engineering College, who recently received Certificates of qualification for employment, with my letter No. 132 of the 18th June, I inadvertently omitted to mention, that in consideration of the four* men named for Sub-Overseership having gone through the full course for Assistant Overseer, which is at least four times as much as the course for First Class Sub-Overseer, I purposed recommending that they shall be considered eligible for promotion to the Upper Subordinate Department without any further examination, in the event of their giving full satisfaction to the District Engineers under whom they may be employed.

No. 67. From Lieutenant-Colonel W. H. HORSLEY, Chief Engineer, to J. D. SIM, Esq., Secretary to Government, dated Chepauk, 24th July 1861, No. 3,038 :—

SIR,

With reference to your Memorandum, No. 263, dated 20th July 1861, I have the honor to state that the recommendation made by the Deputy Chief Engineer in charge of the Central Office in his letter No. 2,647, dated 13th instant, in which I concur, was not founded on any of the rules of the 2nd March 1860, but simply on the fact that the four individuals noted in the margin had nearly come up to the standard of examination prescribed for Assistant Overseers, and, moreover, had gone through the entire course of study prescribed for that class, which is at least four times as much as the course for First Class Sub-Overseer.
