## *Proceedings of the Madras Government, Public Works Department, 8th August* 1861.

No. 132. Read the following letter from R. P. HARRISON, Esq., Accountant General, to J. D. SIM, Esq., Secretary to Government, dated Fort Saint George, 25th July 1861, No. 89 :—

SIR,

With reference to paragraph 3 of the letter from the Chief Engineer, dated 25th May last, No. 857, recorded in the Proceedings of Government, dated the 19th instant, No. 1,340, I have the honor to request you will be good enough to inform me whether the Government approve of the suggestion therein made, that the Regimental allowances of the Principal of the Civil Engineering College, should be debited to the Education Department instead of as hitherto to "salaries," &c., of the Public Works Department. I may observe that provision is made in the Budget Estimate for 1861-62 of the Director of Public Instruction for the Civil Salary, amounting to Rupees 7,200, of the Principal of the above College, and also for his Establishment, &c., the Regimental allowance being included in the total sum of Rupees 17 lacs, provided for Salaries, Establishment and Contingencies of the Public Works Department, in the Chief Engineer's Budget. This mode of debiting the charges in question appears to me to be inconsistent, and I beg therefore to be favored with the orders of Government on the subject.

———

No. 133. ORDER THEREON, 8th August 1861, No. 1,494.

The Regimental allowances of the Principal of the Civil Engineering College should be debited to the Education Department in common with the other charges of the Establishment. But as the necessary provision appears to have been made in Public Works Budget, the charge may be defrayed from that source for the current year.

(Signed) J. D. SIM,
*Secretary to Government.*
