Proceedings of the Madras Government, Public Works Department,
12th August 1861.

No. 206. Read the following Endorsement of the Chief Engineer, dated Chepauk, 24th July 1861, No. 3,039 :—

Read the following letter from Captain F. T. HAIG, District Engineer Upper Godavery, to Captain F. H. RUNDALL, Acting Deputy Chief Engineer Northern Circle, dated Dúmagudiam, 8th July 1861, No. 52.

SIR,

1. The letters of Mr. Sterling, Colonel Yule and Sir H. B. E. Frere, forwarded to you with mine of 16th April, No. 386, were private communications, which I am not at liberty to make public, and which at the time I submitted them I requested might not appear in the official records.

2. I regret, however, to find them printed as appendages to Colonel Horsley's letter to Government, No. 570 of 16th May, and as they occupy only the last sheet of the correspondence on the subject of the proposed tram-roads round the Barriers, and may easily be dispensed with, I would particularly request that they may be cancelled, which can be best done by striking out the last sheet, viz., pages 13 and 14.

---

1. Submitted to Government with the hope that Captain Haig's request may be acceded to.

2. The documents alluded to were forwarded by the Chief Engineer for information only, and not with a view to their being published, a remark having been made in paragraph 2 in the Chief Engineer's letter to the effect that the enclosures forwarded by Captain Haig were private.

(Signed) W. H. HORSLEY, Lieut.-Colonel,
Chief Engineer.

No. 207. ORDER THEREON, 12th August 1861, No. 1,529.

The Governor in Council regrets that it is not now in his power to comply with Captain Haig's request. The letters referred to having already been printed in the Proceedings of Government cannot now be removed therefrom.
