No. 252. Read the following Endorsement of the Chief Engineer, dated Chepauk, 2nd August 1861, No. 3,462 :—

Read the following letter from Major SHAW STEWART, Acting District Engineer, Vizagapatam, to the Deputy Chief Engineer, Northern Circle, dated Waltair, 17th July 1861, No. 376.

SIR,

Referring to the correspondence as per margin, I have the honor to report that the detachment of Sebundies has now been withdrawn from Harris Valley,

and that the temporary buildings there, are now unoccupied. I have had a conversation with the Collector on the subject, and he states that he can make no further use of these buildings, and that they will certainly not be required by the new Police.

As there is not the least chance of their being again used for Military purposes, and as they are now going fast to ruin, I strongly recommend that they be disposed of by public auction as soon as possible. Whatever their sale may fetch will be so much clear gain, for the buildings themselves can be of no use whatever to Government. The Collector has requested me to state that he heartily supports this recommendation. I will only add that the sooner the sale takes place, the better, for in the present unguarded state of the buildings, every week's delay depreciates their value.

Submitted to Government with a suggestion that the District Engineer's proposal may be complied with, as there appears to be no probability of the buildings in Harris Valley ever being occupied again for Government purposes.

Chief Engineer.

No. 253. ORDER THEREON, 14th August 1861, No. 1,552.

Under the circumstances stated, authority is granted for the sale by public auction of the buildings referred to.
