258-59 Dated	15. 8. 1861.	

Not to be folded or roughly handled

No. 258. Read the following letter from Lieutenant-Colonel W. H. HORSLEY, Chief Engineer, to J. D. SIM, Esq., Secretary to Government, dated Chepauk, 3rd August 1861, No. 3,493 :—

SIR,

1. I have the honor to submit herewith an original letter from the District Engineer, Presidency, dated 3rd July 1861, No. 409, and the statement which accompanied it, showing the amount of funds required for the annual maintenance of roads within the Government compounds, as well as the road-ways over all the Government bridges within the Presidency.

1 Letter.
1 Statement.

2. In the concluding part of paragraph 5 of Extract Minutes of Consultation, dated 30th May 1857, No. 1,026, it is directed that all the roads in the limits of Madras should remain in the Municipal Commissioner's charge, the bridges, as also the roads within the compounds of the Government buildings, alone remaining under the Civil Architect. The statement now forwarded provides for the maintenance of these roads at a cost of Rupees 2,555 per annum.

3. The District Engineer in his present letter requests that the proposed maintenance allowance may be sanctioned out of the funds* provided from the current year's Budget, under the head "repairs of roads not provided "with special grants," and this proposal I beg to recommend may be acceded to, so far as it concerns the current year; but that in future Budgets the amount may be included as a special entry under the head of maintenance of roads at the Presidency. This sanction will supersede the item of Rupees 800 entered† in the Budget Statement No. 3 of 1861-62 for the above purpose.

* Rupees 10,367

No. 259. ORDER, THEREON, 15th August 1861, No. 1,555.

The Government sanction the annual allowance of Rupees (2,555) two thousand five hundred and fifty-five for the maintenance of the road-ways over the Government bridges and the roads within the compounds of Government buildings within the Presidency District, according to the list submitted by the District Engineer. The amount will, as recommended, be met during the current year out of the sum allotted in the Budget of 1861-62 for "repairs of roads not "provided with special grants." Colonel Horsley will consider whether the maintenance of some of these roads may not with advantage be effected under contracts, or whether it would not be well to transfer them to the Municipal Commissioners, who have the care of the other roads in Madras.

(Signed) J. D. SIM,
Secretary to Government.

Madras 3rd
Revenue August 1867
Recd 5th Augt

Sir

I have the honor to forward a statement of sundry repairs required for the maintenance of Roads within the Presidency Limits which are not provided for in the Budget under the head "Repairs of Roads not provided with special Grants"

I am Sir
Your most obedient Servant
A.W. Anderson
Chief Engineer & Secy

C.E. Aug. 1867

Grant - Colonel Crossley will ~~explain~~ consider whether the maintenance of some of these Roads with advantage be effected under may not ~~be transferred~~ Contracts, or ^ whether it would not be well to transfer them

~~the~~ Municipal Commissioners, who have ~~the~~ care of the other Roads in Madras

2 It is ~~not~~ however clear how a sum of Rs. 2,555 is required for the maintenance of the Roads under reference which would appear to have hitherto cost only Rs. 800 - the sum hitherto allotted in the Budget -
