

MADRAS RECORD OFFICE.

Government of Madras.

Revenue DEPARTMENT.

G.O. No.	<i>155</i>	Press Mis.
Dated	<i>March 1869.</i>	

Not to be folded or roughly handled

Explanatory Memorandum

(Vide Proceedings of Madras Government
dated 8th June 1860, No. 947.)

Para 1. The number of Villages of which the demarcation was completed in the past month in Salem is 149 with an area of 163 square miles, and those of which the Classification was completed is 137 with an area of 152 square miles, the extent of both operations exceeding the monthly standard.

2. In the Krishna District the standard was attained, 41 Villages of 114 square miles having been demarcated and 45 Villages of 155 square miles having been classified.

3. In Mellore, 41 Villages comprising 95 square miles were demarcated. The progress was materially impeded by the Karnaams having been withdrawn for the Jaulamundy, so that the standard has not been attained. The collector has been requested to form his arrangements for the Jaulamundy of the several Talukhs in future.

in future so as to interfere as little as possible with the work.

4. In Wynaad 62 square miles have been accomplished. About one half of the party was prostrated by sickness, though the most unhealthy part of the season had not arrived. Nearly all of the European Planters' Coffee Estates in the North and West have been demarcated together with some extent of forest and other land in the South suited for Coffee Cultivation.

5. The Salem Survey party accomplished 142 square miles. The Godavery and Krishna parties accomplished respectively 70 and 77 square miles. In the former the difficulty of the survey of the islands and the absence of Karunam on Samalunoy also in a measure impeded the work, while in the latter time was lost in the transfer of the Head Quarters to the Guntur side of the District.

6. With reference to the small extent of Survey work in Wynaad the Superintendent of Revenue Survey explains

explains that "the unhealthiness of the season and insufficiency of work handed over for Survey are stated to be the cause of the small output". For the former due allowance must be made, but with regard to the latter, the Director finds on enquiry that ample work was ready for the Deputy Superintendent in a form which both the Director and Superintendent of Revenue Survey considered sufficient for the purpose. The omission of Captain Seale to avail himself of it has been brought to the notice of the Superintendent of Revenue Survey.
