SIR,

1. The District Engineer at the Presidency, having informed me that the sum of Rupees 1,219-5-1 is due from the Educational Building Fund, for the new wing recently erected at the Medical College, being the difference in the cost of materials between the time when the estimate was framed, and the work executed, I have the honor to request that the Sub-Treasurer may be authorized to disburse the sum in question to Lieutenant-Colonel Hitchins, debiting the same to the Educational Building Fund.

2. This sum can be defrayed out of the amount sanctioned in the Budget Estimate for a Normal School at Vellore, which has been otherwise provided for.

The Chief Engineer will be called upon, through the Department Public Works, to report on the expenditure, viz., Rupees (1,219-5-1) one thousand two hundred and nineteen, Annas five and Pice one, stated to have been incurred in excess of the sanctioned estimate for the work referred to, also to ascertain and explain why no Bills for the outlay have been sent in as usual.
