Proceedings of the Madras Government, Public Works Department, 17th August 1861.

No. 296. Read the following letter from Lieutenant-Colonel W. H. HORSLEY, Chief Engineer, to J. D. SIM, Esq., Secretary to Government, dated Chepauk, 3rd August 1861, No. 3,505 :—

SIR,

1. I have the honor to submit for the consideration of Government the accompanying application* from Captain Goddard, District Engineer of Coimbatore, for the establishment of a medical subordinate at Suttimungalum.

* No. 172, dated 20th July 1861.
1 Letter from District Engineer, No. 172, dated 20th July 1861, with two enclosures.

2. Captain Goddard is strongly supported by the opinions of the Collector and Superintendent of Police in that District.

3. Suttimungalum is well known as a most unhealthy locality, and my opinion is that a medical subordinate with a supply of medicine should be stationed there.

4. I have the honor, therefore, strongly to recommend that the application now made be complied with as soon as possible, for apart from all considerations of humanity, the granting of leave to subordinates to go into Coimbatore in every case of illness is of serious detriment to the Government interests.

No. 297. ORDER THEREON, 17th August 1861, No. 1,574.

This letter and enclosures will be referred to the Principal Inspector General, Medical Department, in view to his informing Government whether he can spare a qualified medical subordinate from the present establishment for duty at Suttimungalum, as proposed by the District Engineer of Coimbatore, and if not, what arrangement he would suggest to meet the requisition, the cost of such arrangement, and whether the expense involved thereby can be met out of the present Budget.

(Signed) J. D. SIM,
Secretary to Government.
