MADRAS RECORD OFFICE.

Government of Madras.

Public Works **DEPARTMENT.**

G.O. No.	1582	Press / Mis.
312-13 Dated	20-8-	1861.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 20th August 1861.

No. 312. Read the following letter from Lieutenant-Colonel W. H. HORSLEY, Chief Engineer, to J. D. SIM, Esq., Secretary to Government, dated Chepauk, 8th August 1861, No. 3,700:—

1 Letter from the District Engineer, Madras, No. 482, dated 13th July 1861.
1 Plan.
1 Abstract Estimate.
1 Report.
1 Specification.

SIR,

1. I have the honor to forward herewith a Plan and Estimate amounting to Rupees 620, for constructing a Calingulah to the Codambattur tank in the Trivellore Táluq of the Madras District.

2. It will be observed from the accompanying report from Mr. Supervisor Goodchap, that the Calingulah in question is absolutely necessary to put a stop to all disputes between the villagers of Codambattur and Yacuttur.

3. At present the Yacuttur tank does not receive a regular supply of surplus water from the Codambattur tank, though the Zamíndár of the former village considers himself entitled to all the surplus water from the latter tank. When the tank has received its full supply the Ryots of Codambattur, not wishing to cut *open the bund* every year, turn the water off by throwing a temporary dam across the river supplying channel. This gives rise to disputes, to prevent which the District Engineer proposes the construction of the above work, which will allow of the surplus passing on to the Yacuttur tank without injury to that of Codumbattur. The Codambattur tank receives its supply of water from the Kuám river, and the revenue under it is Rupees 788.

4. The estimate has been examined in this Office and found correct, and as the Collector fully agrees to the above proposition, I beg to recommend that the amount of the estimate, viz., Rupees 620, may be sanctioned from the general funds at the disposal of the District Engineer Madras, for the current official year.

No. 313. ORDER THEREON, 20th August 1861, No. 1,582.

The Government sanction the construction of a Calingulah to the Codambattur tank in the District of Madras, at an estimated cost of Rupees (620) six hundred and twenty.

(Signed) J. D. SIM,
Secretary to Government.

From
Lieutenant Colonel W. H. Horsley
Chief Engineer D. P. W.

To J. D. Sim Esqre
Secretary to Government P.W.D.
Fort St. George.

Sir,

I have the honor to forward herewith a Plan and Estimate amounting to Rupees 620 for constructing a Calingulah to the Codambattoor Tank in the Trivellore Taluq of the Madras District.—

2. It will be observed from the accompanying report from Mr. Supervisor — Goodchap that the Calingulah in question is absolutely necessary to put a stop to all disputes between the Villagers of Codambattoor and Yacuttoor.—

3. At present the Yacuttoor Tank does not receive a regular supply of surplus water from the Codambattoor Tank, though the Zemindar of the former village considers himself entitled to all the surplus water from the latter Tank.— When the Tank has received its full supply the Ryots of Codambattoor, not wishing to cut open the bund every year, turn the water off by

by throwing a temporary dam across the River supplying Channel. This gives rise to disputes, to prevent which the District Engineer proposes the construction of the above work which will allow of the surplus passing on to the Egmattoor tanks without injury to that of Codumbattoor. The Codumbattoor Tanks receives its supply of water from the Cooum River and the revenue under it is Rupees 788.—

4. The Estimate has been examined in this Office and found correct and as the Collector fully agrees to the above proposition, I beg to recommend that the amount of the Estimate, Viz. Rupees 620 may be sanctioned from the general funds at the disposal of the District Engineer Madras for the Current Official Year.—
