Sir I have the honor to submit the usual Progress Reports of the Survey and Settlement operations for the past month. They have been delayed by both the Superintendent of Revenue Survey and myself being absent from Madras.

2. The Salem and Bellare Settlement parties accomplished a full months work notwithstanding some impediments occasioned by the famabandy in these Districts.

3. The Krishna Settlement party falls short of the standard both in Demarcation and Classification. This is partly owing to the small size of the field in the locality in hand. There is also a large quantity of work in progress which will be

be brought to account in future returns.
Serious impediment was occasioned
by the village officers in one Taluk having
been called away for the Jamabundy
notwithstanding steps having been taken by the
Deputy Director to send his arrangements
to those of the Collector as far as prac-
ticable. This has been brought to the
notice of the collector.

4. The Wynaad Settlement party kept
up to the standard of the previous month.
Sickness and local difficulties prevailed
as hitherto both in regards the settle-
ment and Survey party.

5. The Salem Survey party accomplished
the full quantity of work, the return being
121 square miles. The Godavery and
Krishna Survey parties measured 79 and
86 square miles respectively which is
about the standard they have as yet
attained. The second crop cultivation
and also the absence of village officers
at Jamabundy interfered with the
work in the former district.

6. The Wynaad Survey party measured
68 estates but the areas were not calculated.

7. During the month hand were drafted
into a new Survey party for Vellore where
work will commence in April. This
has in a measure affected the
work of some of the order parties.

I have the honor to be
