*Proceedings of the Madras Government, Revenue Department,
1st February 1861.*

No. 1. Read the following Proceedings of the Board of Revenue, dated 23rd January 1861,
No. 393 :—

Read the following letter from W. FISHER, Esq., Collector of North Canara, to W.
HUDLESTON, Esq., Acting Secretary to the Board of Revenue, Fort Saint George,
dated Honore, 10th January 1861 No. 5.

SIR,

1. With reference to the Proceedings of the Board of Revenue, dated 24th October 1860,
No. 4881, and the orders of Government thereon, I have the honor to bring to the notice of the
Board that Honore will be a more convenient position for the Head-quarters of the Deputy
Collector, Salt Department, than Sanikutta, as he not only has a number of Salt stations along the
coast between Honore and Kundapur, but Pans some little distance up the Kundapur river, and
sale Kotaurs at Hallandee, Wandshe, Guersopa and Katgal respectively, at the navigable heads
of the Kundapur, Honore, and Taddri rivers.

2. At present Sanikutta is north of all other Salt stations, and there are only two sale
Kotaurs of secondary importance north of that place.

3. Even when large Salt works are established at Sedasheghur, Honore will be the best station
for the Deputy Collector.

4. With but a small Office to move, he will not encounter the impediments which make
Honore objectionable as Head-quarters of the District, and at Sanikutta there is no accommo-
dation for his Office, regarding which there will be little difficulty in Honore, now that the
Collector proceeds to Sirey.

5. Under these circumstances, I have the honor to suggest that Honore be substituted for
Sanikutta as the Head-quarters of the Deputy Collector, Salt Department.

1. The Board selected Sanikutta for the Salt Deputy Collector's Head-quarters, as being
the place where by far the largest manufacture takes place in the District, but if Honore is more
convenient with reference to the other Pans, &c., to be visited, the Board have no objection to
the change, if the small extent of accommodation required can there be afforded him.

2. It must, however, be distinctly understood that the Deputy Collector is expected to be
continually on the move through his District, and that although one spot is selected as his Head-
quarters, he must on no account be allowed to sink into a stationary Officer.

3. Even when large Salt works are established at Sedashigar, Honore will be the best station for the Deputy Collector.

4. With but a small Office to move, he will not encounter the impediments which make Honore objectionable as Head-quarters of the District, and at Sanikutta there is no accommodation for his Office, regarding which there will be little difficulty in Honore, now that the Collector proceeds to Sircy.

5. Under these circumstances, I have the honor to suggest that Honore be substituted for Sanikutta as the Head-quarters of the Deputy Collector, Salt Department.

1. The Board selected Sanikutta for the Salt Deputy Collector's Head-quarters, as being the place where by far the largest manufacture takes place in the District, but if Honore is more convenient with reference to the other Pans, &c., to be visited, the Board have no objection to the change, if the small extent of accommodation required can there be afforded him.
