Dated <i>August 18 61.</i>	

Not to be folded or roughly handled

N^o 1287

Revenue Settlement Office,
Madras,
14th August 1861.

Sir,

R. B. Master Esq^r

Acting Director of Revenue Settlement

To,

P. D. Sim Esq^r

Secretary to Government,

Revenue Department

Fort St George

Sir,

1. In forwarding the accompanying Report on the progress of the Survey and Settlement operations in Salem, due on the 15th ultimo, I have the honor to state that its transmission was delayed owing to the non-receipt of the necessary information from the Settlement Party in the Wynad, the accounts received from the Officers in the field having been found to be incorrect, and returned by the Acting Deputy Director for correction. As these accounts are still due, I will no longer delay the submission of the usual report, and will forward a Supplementary Statement for the Wynad as soon as I am in possession of returns.

2. The amount of work turned out by the Settlement Party in Salem, is slightly in excess of the estimated standard, though considerably

below

below the out-turn of the previous month. The decrease is owing partly to the prevalence of sickness among the Party working in the Morasay Hills, and partly to the fall of rain, and the commencement of operations in a new Salak.

3. In the Mellow and Mistna Districts, the out-turn of work as regards Demarcation is about the same as that in the previous month. No greater progress could be made owing in the former to the fall of rain, and to the number of days occupied in travelling, operations having been commenced in a new Salak; and in the latter, to the nature of the country operated upon and its scanty population.

4. In Bual, the work was only commenced during the month, but few hands having been at first employed. Still the out-turn would have been larger had it not been for the heavy rains.

5. The out-turn of the Survey was in Salak is slightly in excess of that of the previous month.

6. The falling off in the Godanery District is owing partly to the heavy rain, and partly to the nature of the country operated upon, and the prevalence of cholera.

7. There is a slight increase in the work in the Mistna District as compared with that of the previous month, though its progress was obstructed by rain and the non-attendance of Village

Village Officers.

8. In Mellow the party is only in course of organization which will account for the small area surveyed.

9. In Baintatani the Upward Survey party also were not working the whole time. Some of the men only commenced work about the middle of the month.

I have the honor to be,

Sir,

Your Most Obedient Servant

M. M. S.

As Director of Revenue Settlements

To, J. D. Sir Bage

Secretary to Government,

Revenue Department,
